VOL. XXII, NO. 181 GAINESVILLE, FLORIDA, THURSDAY, SEPTEMBER 7, 1905 TEN CENTS A WEEK

TERMS OF TREATY ARE MADE KNOWN

Drawn Up In the English and French Languages.

SOVEREIGNS TO SIGN DOCUMENT

Full Text of Agreement as Arranged by the Peace Conference—French and American Government Become Intermediaries.

Portsmouth, N. H., Sept. 6.—The peace treaty opens with a preamble reciting that his majesty, the emperor, the autocrat of all Russians and his majesty, the emperor of Japan, desiring to close the war now subsisting between them and having appointed their representative plenipotentiaries and furnished them with full powers which were found to be in form have come to an agreement on a treaty of peace and arranged as follows:

Article I stipulates for the re-establishment of peace and friendship between the sovereigns of the two empires and between the subjects of Russia and Japan respectively.

Article II says his majesty, the emperor of Russia recognizes the preponderant interest from political, military and economical points of view of Japan in the empire of Korea and stipulates that Russia will not oppose any measures for its government, protection or control that Japan will deem necessary to take in Korea in conjunction with the Korean government, but Russian subjects and Russian enterprises are to enjoy the same status as the subjects and enterprises of other countries.

Article III says it is mutually agreed that the territory of Manchuria be simultaneously evacuated by both Russian and Japanese troops, both countries being concerned in this evacuation their situations being absolutely identical. All rights acquired by private persons and companies shall remain intact.

Articale IV says the rights possessed by Russia in conformity with the lease by Russia of Port Arthur and Dalny, together with the land and waters adjacent, shall pass over in their entirety to Japan, but the properties and rights of Russian subjects are to be safeguarded and respected.

Article V says the governments of Russia and Japan engage themselves reciprocally not to put any obstacles to the general measures (which shall be alike for all nations); that China may take for the development of the commerce and industry of Manchuria.

Article VI says the Manchuria railway shall be operated jointly between Russia and Japan at Kouang-Tcheng-Tse. The two branch lines shall be employed only for commercial and industrial purposes. In view of Russia keeping the branch line with all rights acquired by her convention with China for the construction of that railway, Japan acquires the mines in connection with such branch lines which fall to her. However, the rights of private parties or private enterprises are to be respected. Both parties to this treaty remain absolutely free to undertake what they deem fit on expropriated ground.

Article VII says Russia and Japan engage themselves to make a conjunction of two branch lines which they own at Kouang Tcheng Tse.

Article VII says it is agreed that the branch lines of the Manchurian railway shall be worked with a view to assure commercial traffic between them without obstruction.

Article IX says Russia cedes to Japan the southern part of Sakhalin island as far north as the 50th degree of north latitude together with the islands depending thereon. The right of free navigation is assured in the bays of LaProuse and Tartare.

Article X says that this article recites the situation of Russian subjects on the southern part of Sakhalin island and stipulates that Russian colonists here shall be free and shall have the right to force Russian convicts to leave the territory which is ceded to her.

Article XI says Russia engages herself to make an agreement with Japan, giving to Japanese subjects the right to fish in Russian territorial waters of the Sea of Japan, the Sea of Okhotsk and Behring sea.

Article XII says the two high contracting parties engage themselves to renew the commercial treaty existing between the two governments prior to the war in all its vigor with slight modifications in details and with a most favored nation clase.

Article XIII says Russia and Japan reciprocally engage to restitute their prisoners of war on paying the real cost of keeping the same, such claim for cost to be supported by documents.

Article XIV says this peace treaty shall be drawn in two languages—French and English, the French text being evidence for the Russians and the English text for the Japanese. In case of difficulty of interpretation the French document to be final evidence.

Article XV says the ratification of this treaty shall be countersigned by the sovereigns of the two nations within fifty days after its signature. The French and American embassies shall be intermediaries between the Japanese and Russian governments to announce by telegraph the ratification of the treaty.

Two additional articles are agreed to as follows:

Article 1.—The evacution of Manchuria by both armies shall be complete within eighteen months from the signing of the treaty beginning with the retirement of troops of the first line. At the expiration of the two parties will only be able to leave as guards for the railway, 15 soldiers per kilometer.

Article 2.—The boundary which limits the parts owned respectively by Russian and Japan in the Sakhalin island shall be definitely marked off on the spot by a special limitographic commission.

Treaty Ready for Signatures.

All is in readiness for the signature of the peace treaty. The engrossers were up most of the night putting the finishing touches on the great paper. This morning the members of both missions are busy packin prior to their departure, either this afternoon or tomorrow. Now that they may sign the protocol of the final sitting the plenipotentiaries will leave the hotel at 2 o'clock, arrive at the navy yard about 2:30. The treaty will be signed about 3 o'clock. The Russian mission will go from the navy yard to Christ church for the Thanksgiving service.

Heirs to Enormous Fortune.

Chicago, Sept. 6.—A dispatch to the Record-Herald from San Francisco says that Francis Templeton Crocker, the only son of the date millionaire, was 21 years old Saturday and will come into his inheritance next week. When Colonel Crocker, a son of one of the original "Big Four" Central Pacific railroad builders died eight years ago, he left an estate of $8,000,000 to be divided only between Templeton and two sisters. Since then the estate has nearly doubled so that now it is estimated each of the heirs will get between $5,000,000 and $6,000,000 making them the richest children in California.

Monthly Cotton Report.

Washington, Sept. 6.—The monthly cotton report of the department of agriculture issued at noon today is as follows: The crop estimating board of the bureau of statistics of the department of agriculture finds from the reports of correspondents and agents of the bureau that the average condition of cotton Aug. 25 was 72.1, as compared with 74.9 on July 25, 1905; 84.1 on Aug. 25, 1904; 81.2 on Aug. 2, 1903, and a ten-year average of 73.6.

Much Fire Insurance Paid.

New York, Sept. 6.—The fire loss of the United States and Canada for August as compiled by the Journal of Commerce, aggregates $11,435,600 as compared with $9,715,200 for the same month last year and $8,428,350 during August, 1903. The total for the first eight months of the current year is $117,720,297.

PHYSICIAN REFUSES TO REPORT CASES

Authorities Order the Arrest of Prominent Doctor.

TOTAL CASES 2,085; DEATHS, 294

The Cause of the Large Number of New Cases Reported Monday Was Due to the Fact that Several Physicians Had Failed to Report Them.

Total cases to date—2,086.

Deaths today—2.

Total deaths—294.

New Orleans, Sept. 6.—Conditions were unchanged today in the figst except that the sky was clear and cool after a week of intermittent rain.

Fair weather is predicted for tomorrow, and that will enable Dr. White to carry forward his work of destruction of the breeding places of mosquitoes.

It was said today that additional physicians who have manifested an unwillingness to report cases are under observation and they will be proceeded against if they do not heed the warning given in the Berge case.

Physician Is Arrested.

People generally today accepted the explanation that the arrest of a leading physician for failure to report cases was responsibile for the spurt in new cases in the past 24 hours, and the momentary disappointment over Monday's record has been replaced by a feeling of renewed confidence. That feeling is fortified by the fact that there was no rise in the deaths which are exceedingly few in view of the variable weather conditions. Relatively low temperature was again recorded today. There appears to be no way of enforcing the wish of the physicians that moving day be postponed from Oct. 1 to Nov. 1, but Mayor Behrman has issued an appeal to the public to follow the suggestion of the authorities. It is thought that for the general welfare both landlords and tenants will try to co-operate with them.

Dr. White has issued an order to the commissioned officers of his service on duty here to take advantage of every opportunity to familiarize themselves with yellow fever clinically and to qualify themselves as diagnosticians of the disease. The various officers are instructed to lose no opportunity to see the disease clinically and post mortem, especially at the emergency hospital.

Reason for Spread in Country.

Inspector Brady has reported to President Souchon of the state board that one of the reasons why the fever spreads so persistently in the country is the apparent inability or unwillingness of some physicians to diagnose mild yellow fever. These physicians though men of standing and ability in the profession, apparently look for black vomit and marked jaundice and when these do not appear they do not think a yellow fever diagnosis can be made. Dr. Brady has asked president Souchon to address a circular letter to the physicians all throughout th estate asking them to recognize mild cases of the disease and then to make the precautions that are in effect here. A diamond festival is being arranged here to take place Sept. 16, from which it is expected to realize a large amount of money for the yellow fever fund. Business is to be suspended and all the military and civic organizations and the school children are to take part. At the request of the committee in charge Mayor Behrman wrote to President Roosevelt asking him to increase the attractiveness of the event by opening it by wire, the Western Union having agreed to run a special wire into the park for the purpose. The president has written that he will gladly send the message.

Schools Will Be Opened.

City Health Officer Kohnke has written a letter to the members of the various educational institutions telling them under what conditions their schools may be opened. He advised against the coming to New Orleans of pupils who live in uninfected localities and who are not immune. Schools located in infected neighborhoods are not to admit pupils from uninfected neighborhoods. Schools in neighborhoods not infected are to be permitted to receive pupils from any section, infected or not. The schools will be disinfected once a week.

The fever at the Reserve, the big Godchaux plantation on the Mississippi Valley railroad, has been practically wiped out as a result of the hearty co-operation of the people there. When passed as Surgeon Corput went there on Aug. 10, there were 15 cases. He was given full authority and money to fight the disease. A hospital was erected and continuous warfare kept up against the mosquitoes.

A telegram from Reserve announces that there has not been a case for ten days and that the hospital has been closed.

MARSHAL FIELD IS MARRIED.

Weatlhy Chicagoan Weds Rich Widow at St. Paul's Cathedral.

London, Sept. 6.—Marshal Field and Mrs. Arthur Caton, of Chicago, were united in marriage at noon today at St. Margaret's church, Westminster. Canon Herbert Hensley-Henson, of St. Paul's cathedral, assisted by the Rev. Samuel Kirschbaum, of St. Margaret's performed the ceremony.

The church was closed to the general public and only a small congregation composed of the immediate relatives of the couple and Ambessador and Mrs. Whitelaw Reid, and the staff of the American embassy witnessed the ceremony.

The groom, who was supported by his son, Marshall Field, Jr., arrived at the church promptly at noon and was followed imediately by the bride. She was accompanied by Augustus Eddy, and wore a very handsome costume of gray chiffon trimmed with point lace and a large picture hat, with ostrich feathers. With the exception of two immense bouquet of lilies on either side of the altar, the church was not decorated.

After the simple ceremony of the church of England the birdal party retired to the vestry where the signing o the fregister was witnessed by Ambassador Reid, Secretary Carter, of the embassy: Augustus Eddy and Marshall Field, Jr.

FAILED TO LYNCH PRISONER.

Montana Mob Is Foiled in Its Effort by Officers of Law.

Butte, Mont., Sept. 6.—A mob of a hundred men early today made a determined but unsuccessful attempt to lynch James F. Barnes, who late Sunday night shot and killed Patrick Hanley as the result of a slight argument.

The jail was taken by storm, the would-be lynchers commanding the broad stairway leading to the doors of the courthouse and with drawn pistols, firing over the head of the crowd and police who were attempting to enter.

Inside a mob battered at the big steel doors, but without success. On the upper corridors were stationed a number of deputy sheriffs with rifles and revolvers and this tended to hold the angry crowd back.

The mob finally sent for dynamite, but those despatched on the arrand failed to return in an hour and the ringleaders abandoned the attempt and were persuaded by the police to disperse.

Deputy Sheriffs Open School.

Birmingham, Sept. 6.—A unique spectacle will be presented Tuesday morning at Brighton, a suburb of Birmingham, when the city school will be opened by deputy sheriffs, and the teacher will organize the pupils under the protection of the officers. For several weeks there has been spirited rivalry between two factions of the school board, and at present each faction has a seperate lock of the school room door. Officers will break the locks and assist the teacher who had been previously engaged to organize the school.

THREE ARE KILLED AND EIGHT INJURED

In Rear End Collision of Passenger and Freight Trains.

COULD NOT CONTROL THE TRAIN

The Engineer of the Freight Train On Account of a Steep Grade Was Unable to Stop in Time to Avoid the Wreck.

Denver, Colo., Sept. 6.—Three persons were killed and seven others injured in a rear end collision last night at Brush Creek, on the Burlington and Quincy [illegible] miles east of Denver between a passenger and a freight train both bound.

The dead:

John Lindsey, negro porter.

—— Vaughn, negro cook.

A passenger, name unknown.

The passenger train, the [illegible] tion of No. 13, was standing [illegible] station while the engine was [illegible] water. Fast freight No. [illegible] into the private car, the Rainbow, [illegible] ly telescoping it and killing the porter and cook.

A chair car and two Pullmans [illegible] of the Rainbow, were ditched.

Most of those injured were passengers in this car. In the Rainbow was a party of eastern capitalists under the guidance of R. L. [illegible] the Eastern Mountain [illegible] company, who left Philadelphia [illegible] day. One of the injured [illegible] Schuby, of Chillicothe, Mo. [illegible] Brush is a steep grade, and the engineer of the freight [illegible] unable to control the [illegible] down the hill.

Severe Earthquakes in Mexico.

Mexico City, Sept. 6.—News from the state of Michoacan [illegible] that a great volcanic upheaval [illegible] ens the city and valley of [illegible] The people are fleeing [illegible] rior. The entire side of a [illegible] on the mountain called Cerro [illegible] about 200 feet square, suddenly [illegible] an upward movement and [illegible] masses of rock broke loose [illegible] heaval, fell into the valley [illegible] thundering noise. Fifteen [illegible] movement was plainly [illegible] was accompanied with rumbling [illegible] terranean noises. For two [illegible] slight local earthquakes have [illegible] daily occurrence.

New Abbattoir Is Opened.

New York, Sept. 6.—Invited [illegible] butchers to the number of [illegible] thousand attended yesterday the [illegible] monies at the formal opening of [illegible] new abbattoir of the company [illegible] is fighting the so-called beef [illegible] This new plant is the consummation [illegible] of three years of co-operation of [illegible] five hundred retail butchers of [illegible] city who constitute the company. The [illegible] main building of the new abbattoir [illegible] is a five-story brick and stone structure, whotle the entire plant [illegible] altogether 28 city lots of 2,000 square feet of ground. The abbattoir has a weekly killing capacity of 4,000 cattle and 18,000 small cattle.

Tickte Robbing Scheme Exposed.

New York, Sept. 6.—After ten days of active work the detectives of the Long Island railroad have discovered the details of a plot of robbing the company by selling passenger tickets a second time. It is stated that the plan has been in operation most of the summer season, and it has cost thousands of dollars to those [illegible]. The men under suspicion have been discharged.

Feature was Women's Parade.

Norfolk, Va., Sept. 6.—The feature of the Labor day exercises was the labor unions' parade, participated in by about 2,000 persons and enlivened by many attractive floats. United States Senator Martin and Congressman Swanson, Democratic candidate for congress, will speak at Phoebus this afternoon.

SUCCESS ICE PLANT IS AGAIN SOLD

Watts & Carter This Time Were the Purchasers.

WILL MAKE IMPROVEMENTS

Rumored That They Will Discard the Experimental Machinery for Something More Practical, and Will Make Ice Without Trouble.

If rumor is correct, the people of Gainesville will have the privilege of dealing with another ice company, if they so desire, within the next few weeks. It has been rumored that Henry F. Watts and N. R. Carter have purchased the plant of the Success Ice Company, at the junction of the Atlantic Coast Line and Seaboard Air Line railroads, West Main street, S., and will proceed at once to thoroughly overhaul, repair and re-equip the plant.

The plant of the Success Ice Company was erected about four years ago, and has proven anything but what its name indicates, since it has been under the management and control of several concerns and individuals. The machinery is of a type peculiar to ice manufacturing, being machinery by which the ice is scraped from a huge cylinder as the water freezes, and packed in a hydraulic manner. The principle seemed to work with more accuracy than the experiment, with the result that, while considerable ice was made and sold, it has never proved a success.

It is understood that the new owners propose to remove the present plant, discarding the same altogether, and will install a brand new and up-to-date compressed ice manufacturing machine with a ten-ton capacity. In that event they will have a good plant, but will save only the building from the original plant.

With this factory, together with the new factory which will be installed by the Gainesville Electric Light and Power Company, surely there can be no reason for a fellow doing without the comforts of ice in future, for three factories should make things lively, as well as cheap.

COTTON GROWING ABROAD.

Two Thousand Bales of Sea Island Have Been Ginned at San Juan.

The Sea Island cotton industry on the Island of Porto Rico is assuming enormous proportions, and that island is rapidly coming into competition with Florida and other States of the Sea Island belt.

E. F. Corbett, an Alachua county boy who is thoroughly posted on cotton from the planting to the gin, is superintendent of the immense plant of the Florida Manufacturing Company, who are now operating plantations and gins in Porto Rico. He states, in a letter to a friend in this city, that the conditions have been most favorable on the island, with the result that there will be a big crop. "The season is early here," he says. "We have already ginned two thousand bales, and there are in the fields of this section about two thousand more, which will be turned out, if the staple can be gathered, within the next two weeks. The cotton is of the finest quality, and it makes me feel good to know the bulk of the seed came from Alachua county."

W. J. Williams of Trenton, another Alachua county boy, was superintendent of the planting and growing of the crop, which turned out as fine as could be expected. Mr. Williams has returned to this country and is running the machines at Rives & Son's ginnery, Alachua.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world" Sold by W. M. Johnson.

MISS DENHAM ENGAGED.

Wedding of Much Interest Will Take Place in November.

The recent announcement by Capt. and Mrs. W. B. Denham of the engagement of their daughter, Helen, to Dr. Frederick Greene Barfield, will arouse widespread and cordial interest among the many friends of Miss Denham and Dr. Barfield. Dr. Barfield at one time lived in Savannah, but four years ago returned to Cuthbert, Ga., which was his home originally and where he has since been practicing.

Miss Denham has been spending the summer North with her mother and sister, and is now at "The Rocks," Highland Falls on the Hudson. Since the residence of the family in Savannah, Miss Denham has been one of the most admired girls of the younger society set, and the announcement of her engagement will be of more than ordinary interest.

The wedding will be a home event, to which only the most intimate friends will be asked. It will take place quietly the latter part of November.—Savannah Morning News, Sept. 5.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. Sold by all druggists.

Fire Believed To Be Incendiary.

Havre, Montana, Sept. 6.—A fire which began last night and for a time threatened the destruction of the business section of this city, is believed to be the work of an incendiary who evidently meant to destroy Budd's restaurant in which the fire originated or the St. Paul hotel, adjoining. Both buildings were burned to the ground, together with the silver dollar saloon, the barber shops of J. C. Robinson, the general store of the Tung Lung We company, and several other frame buildings. The loss, it is believed, will reach $150,000.

A Remedy Without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klote of Edna, Mo. For any disorder of the stomach, biliousness or constipation, these tablets are without a peer. For sale by all druggists.

Gain Strength for Work

In office and factory, shop, store or kitchen girls are at work all over this land, and, alas! far beyond their strength. Young women who work are especially liable to female ills. Too often the girl is the bread winner of the family and she must toil unremittingly, no matter if her back does ache, her limbs and abdomen throb with dull pain and dragging sensations, and dizzy spells make her utterly unfit for work. These are the sure signs of female irregularities which kill beauty and youth.

Lydia E. Pinkham's Vegetable Compound

builds health and strength for all women who work and are weary. It creates the vitality that makes work easy. From the thousands of grateful letters written by working girls to Mrs. Pinkham we quote the following:

DEAR MRS. PINKHAM:—I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pains in back, and monthlies were irregular. I had been to several doctors and they did me no good.

Your medicine has made me well and strong, I can do most any kind of work without complaint, and my periods are all right.

I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer.

MISS ABBY F. BARROWS, Nelsonville, Athens Co., Ohio.

Oh, if American girls who work would only realize that they have but one life to live, and make the most of their precious health and strength!

Mrs. Pinkham extends to every working girl who is in ill health a cordial invitation to write her for advice. Such letters are always kept strictly confidential, and from her vast experience Mrs. Pinkham probably has the very knowledge that will help you—and may save your life.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

The Change of a Word.

"You wouldn't think there'd be enough difference between the definite and the indefinite article to matter much, would you?" said a woman who writes for a living. "I made a lifelong enemy of a woman once just by writing 'the' where I meant 'a.' It was an account of her wedding I was doing. I said something about the ceremony being performed at the home of the bride's aunt, and then I added that there were present 'only the few friends of the family.' The bride never got over that 'the' in front of few. It happened five years ago, and when my name is mentioned she still froths at the mouth."—Washington Post.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Apprehension.

One Woman—If I thought I would ever have hair as gray as Mrs. Badger's, I believe it would worry me to death. Another—I am sure I should dye right off.

History is a mighty drama, enacted upon the theater of time, with suns for lamps and eternity for a background.—Carlyle.

PISO'S CURE FOR
CURES WHERE ALL ELSE FAILS
Best Cough Syrup. Tastes Good. Use in time. Sold by druggists.
CONSUMPTION

Sure Thing.

Juswed—Do you know, old man, I don't spend so much money now as I did before I was married. Mooney—How's that? Juswed—Well, I don't have it to spend.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

The Reason.

Herdso—I should think that a scientist might credit his readers with enough to know when a story was finished without labeling it "The End." Saidso—But that gives the women no clew where to begin.

Cause of Insomnia.

Indigestion nearly always destroys the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

A WARM GAME OF REAL BASEBALL

The Fats and Leans Play Nine Interesting Innings.

FAT AND LEAN FUN, ETC.

Some Desperate Plays and a Satisfied Crowd--Dr. Dell Makes a Home Run and Taylor a Fine Double—Minot Saunders Makes a Run.

There was a large audience present at the ball park yesterday afternoon to witness the ball game between the Fats and Leans, two nines made up from local players, and the cemetery fund was benefited upwards of $40.

At precisely 3:50 Umpire Chubb introduced the two contending batteries, and 3:52½ Dr. Dell commenced to fire the spheres over the plate in allopathic doses, with Tench at the receiving end. Burkhim was the first Fat man up and he couldn't make connection with anything but the atmosphere, Graham going out on a fly, Dr. Morris getting to second on a hit, Joe Ettel striking out. No run.

For their half of the first inning the Leans made three runs on hits by Will McKinstry, Dr. Dell and E. A. O'Neill, followed by Tench's out at first, Pournell's fumble of Colson's hit to third. Coffee struck out and Colson was out trying to steal second. Three runs.

In the second, third and fourth innings there were no runs made, and in the fifth the Leans rolled up three more. In the sixth they got one more and the seventh netted each team a blank. The eighth gave the Fats two and the Leans one, the Fats ending the fun by making two in the ninth. The players were as follows:

Fats—L. J. Burkhim, p; Lee Graham, c; Dr. Morris, 1b; Joe Ettel, 2b; Taylor, 3b; Stevens, ss; Pournell, rf; M. P. Saunders, lf; Prof. Coffee, cf and p.

Leans—Will McKinstry, 1b; Dr. Dell, p; E. A. O'Neill, 2b; B. M. Tench, c; W. W. Colson, cf; Seagle, lf; A. F. O'Neill, 3b; Dr. Tison, ss; J. A. Goodwin, rf.

The score by innings is as follows:

Leans	3 0 0 0 3 1 0 1 x—8
Fats	0 1 0 0 0 0 0 2 2—5

Liners.

H. E. Taylor made a very clever double play.

Marshal Pinkoson relieved Joe Ettel and caught a nice fly in left field.

Prof. Coffee was nearly "put out" by the heat, which Burkhim said was fierce.

Umpire Chubb wasn't in danger at any stage of the game.

One fellow remarked: "Saunders plays as if he had a city job."

Stevens got three hits and one run and was the admired of the fans.

When Pournell went out on strikes a fellow exclaimed: "He strikes like a cathedral clock."

"He looks like he was going to a lucky party," said a fellow as the county assessor came to bat.

Dr. Dell hit a ball to the high grass and made the circuit before it could be found.

Those who went to see a poor game of baseball yesterday afternoon were disappointed. There was some good playing and had the diamond been in shape it would have been much better.

THE NEWS FROM ALACHUA.

Marriage of Popular Young Man—Real Estate Transfers—Personals.

Alachua, September 6.—C. A. Neil has accepted Futch Brothers as salesman.

W. H. Sealey has returned from New York.

Mrs. Ella Ramsey is in Atlanta, Ga.

Engineer Hinson, who is agent at Baldwin for the J. & S.-W. Railway, was in town a short while Sunday.

Misses Myers spent Sunday in Starke.

Rev. Bishop has returned from New York and will in future make his home in Alachua. He is a sterling gentleman and his hosts of friends welcome his success.

Miss Maria Turner has returned from a visit to Mr. and Mrs. J. E. Haynesworth.

The livery owned and operated by J. T. Bradley is one of the new enterprises of Alachua.

Miss Minnie Thigpen of Waldo is now with Snell, Jordan & Co. Miss Minnie is a favorite here, and her many friends are glad to have her with them again.

M. J. Eddy has traded his lot to J. L. Cloud for the building occupied by the Bank of Alachua. Dr. Cloud will erect a handsome business house on the lot. J. M. Powell expects to join Dr. Cloud's store with one equally as handsome at an early date.

Athel Thomas, who has been attending college at Macon, Ga., returned Friday.

Miss Claudia Ambrose returned to Waldo Monday, after spending a week with Mrs. O. M. Futch.

Little Miss Maude Godbey of Waldo is visiting her sister, Mrs. Oliver Futch.

The many friends of Mrs. Martha Rawls regret to know that she has been quite sick for some time.

Mrs. J. S. Johnson is visiting her parents at Anthony.

Mrs. S. C. Dell and Misses May Dell and Idella McKinney attended the Fowler-Robarts wedding at Melrose Wednesday.

Mrs. Smith Futch has returned from a visit to relatives at Santa Fe.

Mrs. C. C. Wetherington leaves Friday for Cedar Key to visit her husband.

Mrs. R. H. Richardson and children left Monday for Cedar Key to join Mr. Richardson, who is engaged in the fish business.

W. T. Robarts left Tuesday for Melrose, where, on Wednesday at 1 o'clock, he was united in holy wedlock to Miss Alice Fowler at the home of the bride's parents, Mr. and Mrs. F. J. Fowler. Miss Fowler is one of the most popular young ladies who has visited our town—a young lady who has hosts of friends and admirers, and who scatters sunshine wherever she goes, possessing those lovely traits of gentleness that make home happy. Her many friends will welcome her here with open arms, as she has often visited here and is held in high esteem by all. Mr. Robarts was formerly agent of the Atlantic Coast Line at this place, which position he filled with credit to himself and employes, but is now connected with C. A. Williams in the furniture business. He is a young man of noble character, one who numbers every acquaintance a friend, and who by close application to his business is making a success. Immediately after the ceremony Mr. and Mrs. Robarts left for Daytona, where they will visit the former's parents, returning to Alachua Friday. This couple have the best wishes of hundreds of friends over the State that all the good things of this life be theirs.

How Is Baby Today?

Better, thank you. In fact, quite well. Fat, round and full of life and mischief. Pink and white flesh, dotted with dimples. No cough, no indigestion.

All on account of

OZOMULSION

administered by a mother whose love was tempered with common sense.

She knows that OZOMULSION is a fountain of energy for grown-ups, too. It stops waste of flesh. It makes plenty of rich blood. For pale, feeble folk it is the chief nourisher at life's feast. It cures Consumption when taken in time. All druggists sell it—50 cents and $1.00 the bottle. Let us send you

OZOMULSION CO.
98 Pine Street, New York

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

A Definition.

"What does the word 'aroma' mean?" was recently asked by a teacher. Only one hand went up. Its owner thus explained: "When you cook an onion in the kitchen, the aroma is what you get in the parlor."

A Round of Pleasure.

Nell—Last night was the happiest in my life. It brought me one round of pleasure. Bell—What do you consider one round of pleasure? Nell—An engagement ring.

PERSIAN DISHONESTY.

It Permeates Every Class of Society From Highest to Lowest.

Veracity is a scarce article in Persia according to the Rev. Napier Malcolm. In his "Five Years In the Persian Town" he writes of conditions in Yezd as follows: "In the Yezd bazaars probably not less than one-third of the speeches made by Mussulmans are falsehoods. One day a cook of a European went to the bazaar and after the usual haggling fixed the price of some meat at 12 krans for thirteen pounds. 'But,' said the cook, 'you've got your thumb on the scales.' 'Did you think,' retorted the butcher, 'that I would give you meat at thirteen pounds for 12 krans unless I kept my thumb on the scales?' We had a neighbor who was considered a fairly respectable man whose sole business was the forging of seals.

"But the fact is that every class, from the highest to the lowest, is thoroughly permeated by the leaven of dishonesty. A Mohammedan assured me that truth speaking and honesty had nothing to do with religion, but were purely a matter of climate. 'In that case,' said I, 'the people of Persia ought to speak the truth very well, for one of the Greek historians who lived before the Mohammedan era declared that the Persians were famous for speaking the truth.' 'But who does not know,' replied the Mohammedan, 'that the climate of a country changes entirely every 2,000 years?'"

Cured of Lame Back After 15 Years of Suffering.

"I had been troubled with lame back for fifteen years and found complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gillam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by all druggists.

How We Catch Cold.

The rationale of the causation of the ordinary "cold" is pretty well understood at the present day, and it is generally conceded that when circulatory disturbances or vital depression is produced as the result of localized or general chilling of the body surface newly entered or already present pathogenic bacteria are enabled to attack the body with very good chances of success. At such times it is said that the powers of resistance are below par, and consequently the bacteria gain an easy victory. This point was illustrated in telling fashion by Durek, who found that rabbits infected with pneumococci developed pneumonia if they were subjected to severe cold, whereas unchilled control animals survived.—Medical Record.

The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher.

Reputation.

A certain pompous individual from the state of Massachusetts was once strutting about the capitol at Washington. A western senator said to Senator Hoar:

"Who is that person?"

"That," responded Hoar, "is General Blank of my state."

"Does he cut as wide a swath in Massachusetts as he does in Washington?"

"No," said Senator Hoar, with a merry twinkle. "No, General Blank's reputation is purely national."—Life.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains." Sold by W. M. Johnson.

The Malaria of Ambiguity.

Admiring Friend (to captain of college boat club)—I say, Thompson has been slanging you like anything about putting Jones into the Henley boat. He says the fellow's the biggest fool in the varsity. Captain—Oh! And what did you say? Admiring Friend—Oh, I stuck up for you, of course, old fellow.—Punch.

Got Off Cheap

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers."

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Miami city schools open on Monday, September 11th.

The Umatilla school had 90 pupils enrolled at the end of the first month, last Friday.

The steel bridge across the Suwannee at Ellaville is progressing slowly on account of high water.

The haymakers at Umatilla are having a hard time to harvest their crop on account of the frequent rains.

The Board of Health of Jacksonville is oiling the wells and every pond and swamp to be found about the city.

The new school house at Oakland will be ready October 1st. Professor Combs with two attendants will be in charge.

Baker & Holmes, wholesale grocers of Jacksonville, will open a branch store in Miami. They will open up October 1st.

The Dade county superintendent is having hard work to secure teachers. Must be something wrong as there are plenty of teachers.

Tampa union bricklayers are having trouble with the contractors, and men are being secured in Jacksonville to go to Tampa, where the union scale is paid.

Miami will have a hotel on the European plan, it is stated. That means, we believe, pay for what you get. If you get what you pay for you will be in luck.

It is said that work on the electric road from Jacksonville to St. Augustine will begin immediately. It is claimed that a million will be used. Big sum.

A company with a capital of $10,000, to be called the Maull Manufacturing Company, has been organized at Palatka for the manufacture of orange box hoops and crates.

The new military company of Jacksonville was mustered into the service Monday evening. It will be known as Company D, First Florida Regiment, Capt. Dancy in command.

The Tampa school board will pay the superintendent in 12 instalments every calendar month, instead of every school month, as in the past. It is claimed that the payments will be easier to meet.

Lightning struck the barn of Dr. Carswell at Citra Saturday, killing eight hogs. A house occupied by Henry Grantham was struck Sunday, during the absence of the family, and burned with contents.

Judge W. S. Bullock of Ocala has rendered a decision sustaining the action of the Board of County Commissioners of Marion county in sub-leasing the county convicts to B. W. Blount, a turpentine operator.

L. D. Martin, the St. Augustine cigar manufacturer, has been very successful in growing tobacco near the city. It is from Havana seed and is equal to the Cuban product. Both soil and climate are adapted to its culture.

The Democratic County Executive Committee of Jefferson county has recommended N. B. Gilbert to Governor Broward for appointment to the office of County Superintendent of Public Instruction as successor to J. H. Girardeau, deceased.

The school board of Leon county has shown good judgment in adopting the uniform system of school text books for the next five years. Such a course will do much to place on a stable basis the educational system in that county and good results may be expected.—St. Augustine Record.

The Jacksonville Carnival Exposition, Pure Food Exhibit and Watermotor Carnival, all under one tent, will open on November 13th, and the show promises to be the greatest ever seen in Florida. One price of admission will not admit to all, but each show will be a feature well worth the admission fee charged. Remember the day and date.

Thousands Have Kidney Trouble and Never Suspect it.

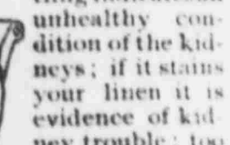
How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.



Home of Swamp-Root.

MALARIA

UNDERMINES THE HEALTH

When the germs of malaria enter the blood the entire health is affected, and if the blood is not purified of these germs and microbes, Chronic Sores and Ulcers, Liver Splotches, Chills and Fever, Boils, Aches and Pains, and a great variety of troubles manifest themselves, and soon the entire system is undermined, leaving the sufferer a prey to a most miserable, weak and nervous condition.

913 W. Market St., Louisville, Ky.

For several years I suffered with Chills and Fever, caused by Malaria in my system, and each summer for several years I would have a relapse. Finally my physician prescribed S. S. S. I took a few bottles; this was about six years ago. It entirely cured me, and I have never been troubled since. I am sure no other medicine could have given me so complete and immediate relief, and I cannot speak too highly of S. S. S. My partner in business is now taking S. S. S. for an eruption of the skin, and a general run-down condition of the system, and although he has taken but one bottle, already commences to feel better.

I. SHAPOFF.

S. S. S. counteracts and drives all the poison from the blood and builds up the system by its fine purifying qualities and tonic effects. It strengthens every part, increases the appetite, helps the stomach and digestion, and by supplying the body with rich, pure blood, cures Malaria and all its disagreeable ailments. Unlike most blood medicines S. S. S. is purely vegetable. It does not contain a particle of mineral of any kind to disagreeably affect the stomach, digestion and bowels, but by cleansing and strengthening the blood, puts every part of the body in healthy condition. Book on the blood and any medical advice desired without charge.

SSS

PURELY VEGETABLE.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all woman beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

Americans Returning from Europe.

New York, Sept. 6.—More than 2,000 voyagers, mostly returning Americans, are due at this port today on a fleet of fine liners. The North German Lloyd steamer Kaiser Wilhelm II brings 969, the largest number of cabin passengers that has ever crossed the sea in a single ship; the Bremen, of the same line, has 660 and the Holland-American line Potsdam, 435. Among the Kaiser's passengers are Director Conreid, of the Metropolitan opera house, Philippe Bucau-Varielle the distinguished French engineer; Mme. Buneau-Varilla, their son and daughter, and their nephew, Etienne Buneau-Varilla.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

WOMAN HEIR TO FORTUNE.

Money and Property Left to Her by Unknown Parent.

New York, Sept. 6.—A woman who has been known as Catherine Blind almost since her birth 33 years ago has been found after three weeks' search by a British consul in New York as a keeper of a boarding house in Newark, and informed her that her identity had been hidden from her all her life. She is the daughter of a wealthy lumber merchant of London named Boutwell, and the woman herself discovers she is really May Boutwell, of London. She was brought t othis country an infant by the governess in the Boutwell family, Mrs. Catherine Blind. Mr. Blind, her husband, settled in New Jersey.

A few days ago came the information through the British consul that a sum of money and some real estate had been left in London probably by the girl's mother, to Catherine Blind and her children.

From facts she was able to present the British consul assured her that her claim of the estate seemed genuine.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Highpower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

Two Killed! 13 Injured.

Charlton, Mass., Sept. 6.—Two persons were killed and thirteen injured three or four probably fatally as the result of a trolley car on the Worcester and South Bridge street railway system, leaving the rails and crashing into a tree a mile east of this village early today. The dead are Miss Grace Nelson, Springfield, 30 years old; William Moran. The car was taking to Worcester a party of people who had been attending an "Old Home" dance in Charlton and was running at a high rate of speed.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germs and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

GAINESVILLE, FLA.

YELLOW FEVER.

The yellow fever situation is none too cheerful, although there is no doubt of the truth of the assertion that the physicians have a slight advantage in the struggle. The vigorous measures at Pensacola will keep the cases there within bounds and prevent the spread of the disease, and the fact that it is so near at hand should be an incentive for every one to clean up, fumigate and prepare for the scourge in case it should come. Make an effort to kill the mosquitoes, clean out all cesspools and slick up generally, whether you fear the fever or not.

The many ports of Florida afford a good opportunity for refugees to get into the State, and nothing but a thorough patrol of the coast could prevent it, if they were inclined to come here. The reports from many States of numerous cases shows that with but few exceptions a vigorous effort is being put forth to check it, and it is safe to predict that the epidemic will not increase much more, if any, than it is at present.

But, in the meantime, let all look to their own household, and when it comes we will be prepared to receive the plague.

The observance of Labor's holiday was pretty general in the larger cities, while in the smaller ones there was nothing out of the ordinary. Some fellows will hang around and do nothing for a month to get a $2 note for falling in line on Labor Day.

It is now claimed that Atlanta is suffering because they have got left on mosquitoes and will not have any quarantine unless they can have the whole thing. Did you ever see such selfishness?

Taft does not expect to return from the Philippines until October. He evidently don't intend to visit them again in the same time, and will give them service enough to last for a hundred years.

There is a desire to have Gainesville's next hotel completed in time to welcome the builders of the Panama canal on their return from the tropics after their work is done.

Had Atlanta been close to Chicago that the Braves would get the Chicago habit. The woman who claims she has been married seven times and was never in the wrong.

Pensacola citizens are not paying visits to Gainesville at present. They are looked upon with suspicion and declared to be only are free from fever.

And now they are asserting that the Japs have sheathed out the sword, and President Roosevelt is the man who started the whole quilt to flopping.

The leaves of early fall are beginning to tell some of the people up North and they are inquiring about winter resorts in Florida.

In practice campaigns the German troops with the Japanese maneuvers. The Emperor of the Germans is bound to keep up to the times.

EQUAL RIGHTS TO NEGRO.

Rev. Dr. W. W. Lundrum of the First Baptist Church of Atlanta, who has recently returned from the Baptist International Convention at London, speaks of the experiences of the trip at a meeting in Atlanta on his return. He spoke of the criticisms that had been made by the press and individuals of some things which took place at the convention.

He referred to the resolutions laudatory to the King, of which he did not approve, and also referred to the part the negro played in the convention. He admitted that they were given equal rights in every way with the white delegates—equal rights spiritually in the convention and equal rights socially outside of the convention in the homes of the people of London.

"I saw occasionally a negro accompany one of the white ladies to the convention or on the streets of London, but we must remember that we have the whole world against us on the negro question. There is no such feeling against him anywhere as we have—we might as well face and admit the fact. But I think this matter is a big bugaboo about nothing. I believe that the negro must have equal spiritual rights with anyone—and the Baptist Church has always contended for this—they received this at the convention—nothing less and nothing more.

"The only difference in the treatment at the convention hall was probably in the applause received—the applause was quite more frequent and hearty when one of the colored delegates had the floor.

"But this matter of social equality is not one for church or civil legislation, but one for individual taste. I have no more right to go to London and tell them who they should receive in their homes than they have to come to us here and say who we should receive."

The reverend gentleman might have seen all this in England, but there is no such manifestation of equality in the Northern States. In the Dominion of Canada there is a much different sentiment than across the border, as in most Northern cities the colored people have their own churches the same as in the South, and do not "mix" with the whites.

There may be some in the Northern States, such as Mr. Wanamaker, who practice social equality and do not believe in it, as well as there are others in high places and with abundant wealth who indulge in many things that would not be tolerated if their money was not behind them; but there will never be the time when social equality will be received without a murmur of disapproval from a large majority of the whites in the North.

A St. Augustine man has produced some very choice Havana tobacco near that city, and he has demonstrated that just as fine a quality can be grown there as in Cuba. All that is necessary is to get the flavor and then we can produce our own Havana fillers right here at home. For fine Sumatra wrappers Gadsden county in not excelled by even the original grown on the island. The soils vary in many localities, and if we can find the same here as is found in Cuba, put good men into the work who thoroughly understand its culture, Florida may yet produce as good tobacco stock as the most favored locality. It is worth the experiment.

The Florida Trucker and Fruit Grower, published at Ocala has the following regarding this paper: "McCreary's ever shining Sun has wilted another competitor. The Sun is about the best advertisement Gainesville ever had. An eight-page daily filled to the brim with live matter as is The Sun would be a credit to a city of double the population."

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

SUNSTROKES.

The more houses we build the more people come to occupy them.

Florida militia have made a good record, being 18th in the score at Sea Girt, in the National contest.

The merchant who discounts his bills and sells for cash should let the people know it through the papers.

The summer resort is a place where you sleep in a 6x9 room at an open work hotel, and waiters and mosquitoes make a very good living.

If hoop skirts should come into vogue again, there are some streets in St. Augustine where they would have to be barred to avoid too much social equality.

Florida is the place for tramps to thrive during the rainy season. They can sleep under the broad canopy of heaven and get their clothes laundered and a bath free.

The Independent Order of Beavers, "the greatest social order on earth," is anxious to organize a dam in this city. There are many social orders in Gainesville but possibly we could make room for one more.

The business man can make business, if he will only make a hustle. Put as much money in advertising as he does in laxatives to relieve his sedentary afflictions and he won't need the medicine. The activity will bring relief.

Shot Full of Holes.

"I am 65 years old, and have been a great sufferer from headache all my life. One of Dr. Miles' circulars was left at my door, and what it contained about headache interested me, so that I determined to invest a dollar in their make of shot, and go gunning for that headache. The first charge brought it down, but I continued to shoot until the thing was shot so full of holes that I believe it will never come to life again. I consider it the work of a "good Samaritan," to spread the knowledge of what Dr. Miles' Anti-Pain Pills will do." I. F. MOORE, 1352 Fairfax Ave., Bridgeport, Conn.

Headache, Neuralgia, Sciatica, Backache, Stomachache, Bearing Down Pains, Rheumatic Pain, or Pain from any cause yields readily to the soothing influence of Dr. Miles' Anti-Pain Pills upon the nerves, the irritated condition of which causes the pain. Harmless if taken as directed, and leave no disagreeable after-effects.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

AN ORDINANCE

Entitled An Ordinance Providing for the Issuance of Bonds and the Creation of an Executive Board Under the Provisions of an Act of the Legislature of the State of Florida, entitled "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of those Powers."

Be it Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1. The Mayor and the City Council of the City of Gainesville, in their corporate capacity, under authority of an Act of the Legislature of the State of Florida, entitled "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved on the 9th day of May, A. D. 1905, hereby provide by ordinance for the issuance, from time to time, as hereinafter provided, of bonds of said city, to be known as "Public Utility Bonds of the City of Gainesville," to the amount of One Hundred Fifteen Thousand Dollars. The principal and interest of said bonds shall be payable in gold coin of the United States of the present standard of weight and fineness, and for the payment thereof, principal and interest, the entire taxable property of said city and the public utilities acquired and owned by said city shall stand pledged by this ordinance. Each of said bonds shall be of the following denomination, viz: One Thousand Dollars. Said bonds shall be dated the 1st day of January, A. D. 1906, and each of said bonds shall bear interest at the rate of five per cent per annum, payable semi-annually, at the end of periods of six months from the date of the bond. The principal of said bonds shall become due and payable at the following times and upon the following dates, viz: Thirty-five of said bonds of the denomination of One Thousand Dollars shall become due and payable in fifteen years from the date thereof; Forty of said bonds of the denomination of One Thousand Dollars shall become due and payable in twenty-five years from the date thereof; and Forty of said bonds of the denomination of One Thousand Dollars shall become due and payable in thirty-five years from the date thereof. Said bonds, and the interest thereon shall be payable at the office of the City Treasurer of said city. The proceeds arising from the sales of said bonds, at not less than par value, and the purposes for which the issue of bonds proposed to be issued by this ordinance shall be used are the following, viz: The monies arising from the sale of fifty of said bonds, or so much thereof as may be necessary, shall be used to acquire, construct, own and operate a system of sewerage for said city. The monies arising from the sale of fifty of said bonds, or so much thereof as may be necessary, shall be used for the purpose of acquiring, owning, constructing and operating an electric light plant for said city, and for the extension and improvement of said electric light plant. The monies arising from the sale of ten of said bonds shall be used for the purpose of opening, widening, extending or improving the streets of said city. The monies arising from the sale of five of these bonds shall be used for the purpose of acquiring, owning, constructing and operating a public hospital in and for said city. Provided, however, that none of said bonds shall be issued until after the issuance thereof, under the provisions of this ordinance, shall have been approved by a majority of the votes cast by the qualified electors of said city, at a special election which shall be held for that purpose on the 10th day of October, A. D. 1905, in accordance with this ordinance.

Sec. 2. The Mayor and the City Council shall levy and collect annually such special tax on the taxable property within the corporate limits of said city as may be necessary to pay the interest on said bonds, and to provide a sinking fund for the payment of said bonds.

Sec. 3. Said bonds shall be printed or engraved, with interest coupons attached, payable as by this ordinance provided. Said bonds shall be signed by the Mayor, countersigned by the President of the City Council, and attested by the City Clerk, and shall bear the corporate seal of said city, and the interest coupons shall bear an engraved, or printed, fac-simile of the signature of the City Treasurer. When said bonds shall have been so signed and sealed, they shall be turned over to the Board of Public Works, who shall be Trustees for said bonds, and shall be by said Board offered for sale to the highest and best bidders for cash, on sealed bids; but said Board shall have and reserve the right to reject any and all bids, and shall not sell any of said bonds for less than par value. The proceeds for the sales of said bonds, as soon as received by the said Board, shall be deposited in a depository selected by said Board and kept by them in a separate account, to be drawn out only for the purposes for which said bonds are authorized by this ordinance to be issued, upon warrants approved by the Board of Public Works and signed by the Chairman, and countersigned by the Secretary of said Board.

Sec. 4. Said bonds shall be payable to bearer and shall be delivered by said Board only after being countersigned by the Chairman and Secretary of said Board; whereupon said bonds shall become [illegible]

Board of Public Works, as Bond Trustees, when any bond is sold or issued by them, to register the same in a book to be kept for that purpose. The said Board shall keep an accurate account of all bonds and coupons outstanding, and of all such as may be paid.

Sec. 5. For the further protection of the citizens of Gainesville, and of the holders of said bonds, the members of said Board of Public Works, as Bond Trustees, shall be required to give bond, or bonds, conditioned for the faithful performance of all duties devolving upon them under the provisions of this ordinance, said bonds to be fixed by ordinance and approved by the City Council.

Sec. 6. The Treasurer, or other agents or officers collecting or receiving money from any assessment, tax or other source, to be applied to the payment of said bonds, or any of them, or to the sinking fund or interest thereon, or any portion thereof, shall each make, on the first day of each month, and every month, written report in duplicate of the amount of money collected or received from each person, and of all payments by him made under the provisions of said ordinance. One of said reports shall, on or before the third day of the same month, be filed with the City Clerk, and the other with the Secretary of the Board of Public Works.

Sec. 7. It shall be the duty of the City Treasurer, or other agents or officers receiving or accounting for bonds or coupons redeemed, paid or purchased, to cancel the same when received, in the presence of the person from whom he shall receive them, and to deliver all such bonds and coupons to said Trustees, together with the report above mentioned, each month.

Sec. 8. The City Treasurer, by and with the advice and direction of the Board of Public Works as Bond Trustees, shall, from time to time, apply all monies which shall come into his hands as a redemption or sinking fund to the purchase of said bonds, at their market value, or shall, under the same direction, invest said money in bonds of the United States, or of the State of Florida, or in such other bonds or securities, or in such other manner as shall be approved by said Trustees and as may seem to them advisable.

Sec. 9. It shall be the duty of the Board of Public Works, on or before the first day of July of each and every year, to report to the City Council the number of said bonds outstanding, with an estimate of the amount necessary to be raised for interest and sinking fund, which statement and estimate shall serve as a basis of assessment by the City Council for the ensuing year for that purpose.

Sec. 10. The Mayor of the City of Gainesville is hereby directed to issue his proclamation calling a special election to be held in said city on the 10th day of October, A. D. 1905, to determine whether the issuance of bonds proposed by this ordinance to be issued shall be approved by a majority of the votes cast by the qualified electors of said city at said special election, and said proclamation and this ordinance shall be published in a newspaper printed in said city at least once each week for four consecutive weeks, the beginning of such publication being made immediately upon the adoption and approval of this ordinance. At said special election the question of the issuance of bonds to the amount of One Hundred Fifteen Thousand Dollars, and for the purposes proposed in and by this ordinance, shall be submitted to the qualified electors of said city for their approval; that each qualified elector shall have an opportunity to vote for or against the question of the issuance of said bonds for the purposes proposed, and each elector shall cast a paper ballot. Each elector desiring to vote for or against the approval of the issue of bonds for One Hundred Fifteen Thousand Dollars, for the purposes mentioned in this ordinance, may vote a paper ballot containing the words: "For Public Utility Bonds One Hundred Fifteen Thousand Dollars," or "Against Public Utility Bonds One Hundred Fifteen Thousand Dollars," and each of said ballots shall be counted as a ballot approving or disapproving, as the case may be, the issuance of the bonds for the purposes mentioned in this ordinance. The said special election shall be called, held, conducted and the returns thereof canvassed, as nearly as may be practicable, in compliance with the rules, regulations and ordinances governing and controlling the general city elections of said city.

Sec. 11. The City Council shall prepare and furnish all necessary blanks and ballots, and shall make all necessary preparation for said special election, and shall pay for same out of the proper fund in the treasury. The ballots to be used in said election shall be substantially in the following form:

Official Ballot.
Special Bond Election.
City of Gainesville.
October 10th, A. D. 1905.

Make a cross (X) mark before the word "For" or the word "Against," accordingly as you approve or disapprove of the issuance of bonds as proposed.

Vote for one:

For Public Utility Bonds
One Hundred Fifteen Thousand Dollars

Against Public Utility Bonds
One Hundred Fifteen Thousand Dollars

Sec. 12. If the issuance of the bonds, as herein proposed and submitted to be approved by the qualified electors be approved by a majority of the votes so cast, then the bonds so proposed to be issued shall be authorized, and from time to time shall be sold [illegible]

needed for the purposes for which they are authorized.

Sec. 13. There is hereby created by this ordinance a Board of Public Works. Said Board of Public Works shall consist of five members, and the same shall be the permanent Executive Board of said City, and said Board shall be Trustees for the bonds proposed to be issued by this ordinance. The members of said Board of Public Works shall each hold office for the term of five years and until their successors are elected and qualified; provided, however, that the members of the first Board shall be W. W. Hampton, H. F. Dutton, P. M. Colson, W. N. Wilson and S. J. Thomas, who shall enter upon the duties of their office immediately upon the approval by the qualified electors of the proposed issue of bonds, and shall continue in office until June 1st, 1906, and until their successors are qualified. Their successors shall be elected by the qualified electors of said City, one member of said Board at each regular municipal election, to take office the 1st June next after said election. Provided, however, that at the regular municipal election in and for said city on the second Tuesday in April, 1906, there shall be elected at said election five members of said Board, to take their office on the 1st June next after said election, and the person at said election receiving the highest number of votes for said office shall hold office for five years, the person receiving the next highest number of votes for said office shall hold for four years, the person receiving the third highest number of votes for said office shall hold for three years, the person receiving the fourth highest number of votes for said office shall hold for two years, and the person receiving the fifth highest number of votes for said office shall hold for one year, and at each succeeding regular municipal election said members shall be elected as hereinbefore provided. At the regular municipal election in April, 1906, it shall be necessary to vote for five persons for said Board of Public Works in order to constitute a valid or legal ballot in so far as the same relates to said Board. The Board shall fill vacancies in its membership until the next regular municipal election, at which election said vacancy shall be filled for the unexpired term, and the person so elected to fill said vacancy shall take his seat immediately upon his election and qualification. The duties of said Board shall be to receive said bonds as soon as the same are printed or engraved and executed, and to sell the same at not less than par, as provided by this ordinance, and to dispose of the proceeds for the purposes for which said bonds are issued. Said Board shall have the control, supervision and management of the construction, acquisition and operation of the said sewerage system proposed and provided for by this ordinance, and the control and management of the electric light plant and of the extension of same proposed and provided for by this ordinance, and said Board shall have the control, supervision, management and operation of any and all public utilities acquired, constructed or operated, and of all improvements made by or with the monies and funds arising out of and proceeding from the sales of the bonds proposed to be issued by this ordinance. The Mayor and City Council may, by subsequently passed ordinance or ordinances, provide for and prescribe such other and further executive duties and powers of said Board as may be deemed by said Council advisable and from time to time may be rendered necessary. Said Board shall make its own rules, and elect a Chairman and Secretary, and appoint such committees, and remove or change the same, by a vote of a majority of said Board, at any time. All contracts to be signed by said Board, or other papers necessary to be signed by same, shall be signed by the Chairman and Secretary, and attested by a by a common seal to be adopted by said Board. Said Board shall adopt a common seal.

Sec. 14. The members of said Board shall receive no compensation. Three members of said Board shall constitute a quorum for the transaction of business. The ayes and noes shall be called and entered upon a journal upon the passage of every resolution or order for the expenditure of money. Said Board shall, by rules, provide for the holding of regular and called meetings. Members of said Board shall have a right to take part in all proceedings and deliberations of the City Council on all questions relating to matters under their charge, but without the right to vote. Said Board shall not employ or contract with any of its members. No member of said Board, or other person, whether in the employment of the Board or otherwise, shall have power to create any liability on account of the Board, or of the funds under its control, except by express authority of the Board conferred at a meeting duly and regularly convened.

Sec. 15. The said Board of Public Works shall have exclusive power to employ such heads of departments, engineers, clerks, superintendents, laborers and other persons, as it may deem necessary for the execution of its duties in connection with any and all utilities and improvements said Board has control and supervision of under and by the terms of this ordinance, or may have by subsequently passed ordinance or ordinances, and shall fix their compensation, and any of them may be discharged by a majority of the Board, at its discretion.

Sec. 16. Any member of said Board may be removed from office for incompetency, inefficiency, neglect of duty, or misconduct in office, by the affirmative vote of three members of said Board, approved by the City Council.

Sec. 17. Upon the approval by the electors of the issuance of the bonds [illegible]

provided for and proposed to be issued by this ordinance the bonds shall be executed and delivered to the Board of Public Works, as Bond Trustees, and said Board shall, from time to time, or all at one time, sell the same in compliance with the provisions of this ordinance, and as said Board may deem advisable, and deposit the money in a designated depository, or depositories, which may be required to give special bond.

Sec. 18. In the event that any part of the proceeds of the sales of said bonds proposed by this ordinance to be issued shall not be necessary to effect the purposes hereinbefore designated for which the proposed issue of said bonds are to be used, then such part of the proceeds of said bonds and the monies not so needed may be used for the purpose of improving the streets and parks of said City, and to construct, own, acquire and operate a gas plant for said City, as may be deemed advisable by said Board.

Sec. 19. The Board of Public Works shall have exclusive power to make all improvements and expenditures under this ordinance which shall cost less than Two Hundred Dollars, but shall let all contracts of Two Hundred Dollars and over to the lowest responsible bidder, unless otherwise directed by this ordinance; provided, that said Board shall have and reserve the right to reject any and all bids, when in the discretion of said Board it shall be deemed advisable.

Sec. 20. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

Sec. 21. That this ordinance shall take effect immediately upon its passage and approval by the Mayor.

Passed in open session of the City Council on this 4th day of September, A. D. 1905. A. M. CUSHMAN, President pro tem City Council.

Attest: J. M. DELL, Clerk.

Approved by me this 5th day of September, A. D. 1905.

G. K. BROOME, Acting Mayor.

Attest: J. M. DELL, Clerk.

Notice of Election.

Under and by virtue of the power and authority vested in me, I, G. K. Broome, Acting Mayor of the City of Gainesville, Florida, do hereby call a special election to be held in said City on the 10th day of October, A. D. 1905, for the purpose of submitting the question of the issuance of the bonds of said City to the amount of ONE HUNDRED FIFTEEN THOUSAND DOLLARS for the various purposes named and specified in and provided for by the ordinance hereto appended and published herewith, and to determine whether or not the issuance of the bonds provided for and proposed in and by said ordinance shall be approved by a majority of the votes cast by the qualified electors of said City at said special election.

The polling place for said election shall be in the rear of the Municipal building on East Main and Masonic streets.

The polls shall open at 8 o'clock a. m. and close at sun down of said day.

W. L. Hill, W. S. McDowell and D. A. Robertson are hereby appointed inspectors, and F. X. Miller, clerk of said election.

Witness my hand and the seal of said City on this 5th day of September, A. D. 1905. G. K. BROOME, Acting Mayor.

Attest: J. M. DELL, City Clerk.

LABOR DAY IS OBSERVED.

Great Parades and Speaking Are the Features of the Day.

Atlanta, Sept. 6.—The principles for which organized labor stands were enumerated in ringing eloquence at Grant Park Monday afternoon in the presence of thousands of men, women and children. The parade which passed through the heart of the city in the morning was one of the most splendid that ever formed in line on a local labor day, and altogether, Monday, Sept. 4, 1905, will become history in the annals of Atlanta's unionized toilers.

The first speaker introduced was Mayor J. G. Woodward, who extended a welcome to labor's hosts on behalf of the city of which he is the executive head. He spoke of his alliance with unionism, of his deep feeling for the movement and of his pleasure in observing the enthusiasm shown for labor.

He was followed by William S. Wier, the principal orator of the day. Mr. Wier spoke at length of strikes. He declared that the strike was a lawful and righteous weapon of the laboring man and that really when trouble occurred as a result of one of them it was almost always originated by the mercenary deputies or Pinkertons employed by capital.

He referred to picketing, which he said was not an attempt to violate the rights of any man to work as he saw fit, or to anybody he saw fit. It was said he, a legitimate effort to bring home to the attention of the nonunion strike breaker the results of his acts, which results, declared the speaker, are an injury to both the union man and the nonunion man.

The great parade, was as is usual on similar days, the most spectacular feature of the celebration. It was a striking evidence of the faithful efforts exerted or weeks and weeks past in the various "locals" of the different unions.

50,000 Men form Parade.

New York, Sept. 6.—The feature of the celebration of Labor Day in this city will be a parade of the organizations comprising the central Federated union and it is estimated there will be at least 50,000 persons in line. The waitresses' union 10,000 strong will appear in the second division, recruited largely from the quick lunch counters and East Side coffee rooms. After the parade many of the unions will hold picnics. Many picnics and athletic contests will be held by both unions which will take part in the parade and unions which have decided to have individual celebrations of the day. There will be also several lodge meetings and dinners.

Observed as Holiday.

Columbus, Ga., Sept. 6.—Labor day was generally observed as a holiday here. Every manufacturing plant and practically all the stores closed. Public exercises were held at Wildwood park, where addressses were made by Major L. H. Chappell, Gunby Jordan, president of the Columbus school board, and Hon. Joseph Hill Hall, of Macon. A sham battle in which the local military companies took part was a feature.

Weather Marred Event.

New Orleans, Sept. 6. The sun shone fair here between light showers which marred to some extent the success of Labor day parade. Seven thousand participated in the parade which followed, with Thomas Hagerty for labor commissioner, representing Daniel Keefe, of the International Longshoremen, as orator of the day. Mr. Keefe cancelled his engagement.

Paraded in Sections.

Birmingham, Ala., Sept. 6.—Owing to internal dissensions, organized labor paraded in two separate sections here. The trades' council had one parade and the Carpenters' union another. Both were quite pretentious affairs. The former celebrated at Smith's park with a parade where Congressman Oscar Underwood was the principal speaker, while the carpenters went to Ensley where

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

Parade and Picnics.

Charleston, S. C., Sept. 6.—Labor day was observed here with parades and picnics. The weather is clear and warm. The unions made a splendid showing and had a number of handsomely decorated floats in line.

Union Men Picnic.

Memphis, Tenn. Sept. 6.—Labor day was celebrated here with a parade in which several thousand union men took part. A picnic was held during the afternoon and evening at Jackson Mound park.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Fined 1 Cent and Costs.

Montgomery, Ala., Sept. 6.—In the county court Chris Oliver pleaded guilty to whipping his mother-in-law and was fined 1 cent and costs. While no special tariff has ever been promulgated in cases of this nature, the fine suggested above has provoked much attention on account of its comparative cheapness. Whether the present minimum may be presumed upon by Alabama's and other benedicts as the maximum limit has not yet been settled.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Strike-breakers' Strike

Montreal, Sept. 6—Two hundred dock laborers went on strike for an increase in wages of 75 cents a day. The strikers were brought here two years ago to take the places of members of the Longshoremen's union, who went on strike at that time, demanding a similar increase.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

LIBRARY VOTING COUPON.

This coupon entitles the holder to two votes that can be cast for any institution competing for the beautiful library, when properly filled out, signed and returned to the ballot boxes in either the above store.

Name of Institution .....

Name of Voter .....

THE DAILY SUN.

Suspected Anarchist Arrested.

New York, Sept. 6.—A dispatch to the Herald from Barcelona says: A man named Emiliano Garcia has been arrested here on suspician of having thrown the bomb which caused such havoc on Sunday. He has made two contradictory statements and was unable to explain his presence on the Rambla where he was recognized by witnesses. He was wounded by the explosion, but his condition is not very grave, and he has been placed in solitary confinement. He is 25 years of age, unmarried and works in a business house. Another witness, however declared he saw two workmen place a large bundle near a tree just before the explosion occurred.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Russian Colony In California.

Los Angeles, Cal., Sept. 6.—The Rancho Guadalupe, comprising 13,000 acres of tillable soil and wooded lands in lower California, has been sold to 104 Russian families through a Los Angeles agency. The emigrants propose to establish on their purchase site a Russian colony for the raising of the stock and grains and the milling of cereals. Water is to be developed at considerable cost and a town laid out.

Shot Wife and Killed Self.

Chicago, Sept. 6.—George C. Miller, the former board of trade operator who last night wounded his divorced wife and her husband, Louis B. Hill, has died of the bullet wound which he inflicted on himself when the police came to arrest him. Miller never regained consciousness after the shooting.

Kaiser Plans Yacht Race.

Berlin, Sept. 6.—The Associated Press in response to a written inquiry about the Glasgow rumor that Emperor William is arranging a trans-Atlantic yacht race for 1907 is informed by a member of the emperor's suite that the report is true.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

AT ST. AUGUSTINE.

NEWS OF CITY AND COUNTY CONDENSED

Matters of General Interest Gathered by Our Reporters.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

Ladies' calling cards in latest styles at Sun office.

Dr J F McKinstry, Jr., visited Fairbanks yesterday.

J L shaw of Bellamy was trading in the city yesterday.

Guy Zetrouer of Rochelle was trading in the city yesterday.

Pasture for horses and cattle. Apply to Hunter & Edwards. d3t

Mrs L C Lynch and son, Haisley, have returned from Worthington.

Dr S B Chapin and family have gone for a few weeks' outing to Seabreeze.

J Lucas Black of Hague was among those who paid the county capital a visit yesterday.

Get your job printing at The Sun job office and you can vote for your favorite in the library contest.

Twenty varities of the National Biscuit Company's goods, fresh and just received by Saunders & Earle.

Mrs G W Dudley and two children of Lakeland are in the city on a visit to Mr and Mrs Louis C. Lynch.

J H Holley and W T Chesnut, merchants of Arredondo, were transacting business in this city yesterday.

R P Lumpkin of Orange Heights, and Mrs J Carter of Newberry, were among the visitors to this city yesterday.

Among the prominent visitors to Gainesville yesterday was J. W. Wadsworth of Madison, son of Senator Wadsworth.

Mrs E W Smith of Francis has returned to her home, after a pleasant visit to her daughter, Mrs. J. M. Manning in this city.

Two tickets from Jacksonville to New York and return may be obtained at this office. Be quick if you want one or both of them.

Mrs W O Tison and Miss Clara Pound are spending a few days at Starke, guests of Mesdames T. W. Sweat and W W Weeks.

R C Brown of Grove Park, agent of the Atlantic Coast Line and a progressive merchant of that place, was transacting business in this city yesterday.

E Futch, Jr, has gone to Bowling Green, Ky, where he will enter the Southern Normal University, of which Prof Gulliams is a member of the faculty.

Retail Grocers, Attention.—Write Greene-Lotspeich Manufacturing Co., Knoxville, Tenn., for the liberal proposition they are making on Blue Ribbon flavoring extracts for ten days. Big deal in free goods.

Robert Jeffords of High Springs, one of the valued employes of the Atlantic Coast Line was in the city for a few hours yesterday. He was en route to his old home in South Carolina, where he will visit friends.

The City Pressing Club, of which R E Jones is manager, has moved from its former location on West Main Street S to more convenient quarters in Porter block, corner West Main and E Union streets.

Mrs S Bodiford and sons, Truehart and James, have returned from Washington Springs. They intended to remain longer, but the springs were flooded from the rains that bathing was impossibility.

Mrs C A Nichols and three children are gone to Savannah. Mr. Nichols will leave the children in Savannah with their grandmother Mrs S H Owens, and will go to points in the East.

Miss Becker, graduate, senior pupil of the Royal Academy of Music, London, and of Trinity College, London, has resumed her classes in piano, violin, singing, harmony and counterpoint. Terms on application. North Garden street.

Prof S H Owens, for the past principal of the Rochelle school, has given excellent satisfaction to patrons and pupils and made himself popular, was in the city yesterday greeting old friends. He is now located at his old home, Winfield, Columbia county.

Burrell Wiggins of Hague was trading in the city yesterday.

Miss Elsie Hall, formerly of this city but now of Ocala, is here on a visit to Miss Kathleen Higdon.

Mrs Trimble and daughter and G. E. Fleming of Archer were among the visitors to this city yesterday.

Mrs. Jos. A. Ettel and Richard Ettel left yesterday for White Springs, where they will spend a day or two with relatives.

Superintendent H A Ford of the Atlantic Coast Line returned yesterday from an official visit to Palatka and other points.

W. L. Davis of Rocky Point was in the city yesterday. Mr. Davis is not only a good fellow, but one of the most successful truckers in this section. He is again associated with Denton & Denton in the trucking business.

Rev and Mrs Thos. P. Hay and son, Master Thos. Park, arrived in the city yesterday from points in North and South Carolina, where they have been on their annual vacation. Their numerous friends were delighted to welcome them home.

Miss Beulah Coldham, fifteen years of age, a student in typewriting and stenography at the Massey Business College, Jacksonville, deserves a great deal of credit for the excellent average made in a recent examination, the young lady having made a general average of 92, with a minimum to pass of 80.

After two days' strenous labor, the Board of County Commissioners adjourned its regular monthly session yesterday. Chairman Dampier stated that it was one of the busiest meetings he had yet experienced in his long term as commissioner, as many matters of importance were brought before the board.

Master George Reddick, formerly of Reddick but for the past few months residing in Madison, was in the city yesterday en route to McIntosh and his old home, where he will visit relatives. Master George was a page in the House at the last session of the Legislature, and proved an exceptionally bright lad.

Horses and Mules—Beginning Wednesday, September 6 h, we will have at our stables one of the finest herds of Kentucky horses and mules ever seen in Alachua county, or the State. Driving and saddle horses, working mules, all healthy and in the finest condition, at right prices. Come and see them. Crawford & Davis.

S. J. Thomas returned last night from Manitou and Wagon Wheel Gap, Colo., where he has been with his wife and son for the past few weeks. Friends will be gratified at the information that his health is greatly improved. Mrs Thomas and son did not return, but will spend several days with friends in South Carolina.

I P Robles of Tampa, a former student of East Florida Seminary, after a few days spent in this city as a guest of friends, has gone to Bowling Green, Kentucky, where he will enter the Southern Normal Institute. With East Florida Seminary training and the "good head" which Cadet Robles possesses, his friends predict nothing but success.

Mr and Mrs C S Lynn have returned to the city after an absence of several months, and Mr Lynn has resumed his position at the store of the S J Thomas Company. Mr Lynn, who went away for the benefit of his health, spent the time in Manitou Springs and Wagon Wheel Gap, Colo., and his friends will be glad to learn he was greatly improved. His good wife was with friends and relatives at Memphis, Tenn.

READ THIS.

RYERSBURG, TENN., June 1, 1901

This is to certify that I have used one bottle of the Texas Wonder Hall's Great Discovery, and have been greatly benefited, and can cheerfully recommend it to the public.

C H Owens

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both man and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Col T V Porter and family are now at Orillia, Ontario, Canada. He writes the editor of The Sun that they have had a delightful outing, and that they expect to remain in Canada until the latter part of September, after which they will spend a couple of weeks in New York, returning to Florida about the 15th of October. Col Porter says Senator Taliaferro and family joined them at Albany, N. Y., and they are traveling and taking in the points of interest in Ontario together.

E O Zealy of Atlanta, Ga., who has been at the Endel Inn for the past few days, has been called home on account of the illness of relatives. Mr. Zealy is interested in Florida, especially in this section, and has been here prospecting with a view to locating permanently. He was here a few weeks ago, but left for points in South Florida. He visited several points, and upon his return stated that he was more deeply impressed with Gainesville and Alachua county than any place he had seen.

Mrs. Maretta C. Brooks, teacher of experience, and of the most modern methods, wishes to form classes in piano, organ, technique, modulation, phrashing, voice culture, and the art of singing. Special attention given to the healthful development of the body, which the thorough study of voice culture insures. Foundation work given to small classes at reasonable rates. References: Rev. S. B. Rogers, Hon. W. M. Holloway, Mrs. J. D. Turner. For further information call at Mrs. McIlvaine's, 108 N. Arredondo street.

Superintendent Barker of the Gainesville and Gulf Railway requests The Sun to announce that next Sunday will be the last date on which the public may avail themselves of the Sunday excursion rates to White Springs, as the excursion rate will be called off after that date. The season has been very profitable, and each Sunday the Gainesville people have taken advantage of an opportunity to spend a day at the Springs. Superintendent Barker hopes to announce, and the chances are favorable, excursion rates from "Tampa and intermediate points" to White Springs by the time another summer excursion season arrives.

NEW YORK RACKET.

CHEAPEST STORE ON EARTH

Just received a big shipment of RICE.

The last cheap Rice to be had before the new crop comes in.

Get you a sack.

The Chinamen live on Rice and keep fat. So can you.

Phifer Brothers,

Phifer's Corner, Gainesville, Fla.

The Union Central Life Insurance Company of Cincinnati

Established in 1867

Has made a record during the last twenty-five years not equalled by any Life Company in the United States!

In twenty-five years it has earned the highest rate of interest of any life company, although its assets have consisted of the safest non-depreciating securities—mainly first mortgage loans on real estate—ON WHICH THE COMPANY HAS SUSTAINED A LOSS OF LESS THAN ONE TENTH OF ONE PER CENT, during the same period of years.

The UNION CENTRAL is the Great Policy-Holders' Company.

THE YELLOW FEVER.

A Total of Sixteen Cases and One Case at Pensacola.

Pensacola, Sept. 6.—Yesterday there were two cases and today two more. Total cases to date, 16; with only one death. The Pensacola refugee, Caruthers, is dead at Atlanta.

At New Orleans.

New Orleans, Sept 6.—From 6 p m yesterday up to noon today there were 13 new cases, with no deaths reported. Total cases to date, 2,124, with a total of 294 deaths. A hopeful feeling exists.

Thought Law Was Repealed.

The sportsmen who were arraigned before Justice Colman upon a charge of violating the law by shooting ducks out of season, and who were fined $25 and costs each, the fine being suspended pending their regard for the law, were not under the impression that they were offending the law, which they believed to have been repealed by the statutes of 1905. These defendants are reputable citizens, and would not offend the dignity of the law if they knew it. Justice Colman was aware of this fact, which accounts for the suspension of the payment of the fine.

Kirby Smith Chapter.

The regular monthly meeting of Kirby Smith Chapter U. D. C., will be held at the residence of Mrs. H. H. McCreary this (Thursday) afternoon at 4 o'clock. At this meeting the delegates to the National convention will be elected. Considerable other business of importance is to come before the meeting and a full attendance is requested.

Mrs. J. N. Strobhar, Pres.
Miss Maud Graham, Sec.

Attention, U. D. C.

The regular monthly business meeting of J. J. Finley Chapter, U. D. C., will be held at the home of Mrs. E. E. Voyle, 209 W. Masonic street, at 4:30 o'clock this afternoon, at which a full attendance is desired.

Mrs. W. B. Taylor, Pres.
Mrs. J. L. Kelley, Sec.

VOL. XXV. NO. 12 GAINESVILLE, FLORIDA, THURSDAY, SEPTEMBER 7, 1905 ONE DOLLAR A YEAR

TERMS OF TREATY ARE MADE KNOWN

Drawn Up In the English and French Languages.

SOVEREIGNS TO SIGN DOCUMENT

Full Text of Agreement as Arranged by the Peace Conference—French and American Government Become Intermediaries.

Portsmouth, N. H., Sept. 6.—The peace treaty opens with a preamble reciting that his majesty, the emperor, the autocrat of all Russians and his majesty, the emperor of Japan, desiring to close the war now subsisting between them and having appointed their representative plenipotentiaries and furnished them with full powers which were found to be in form have come to an agreement on a treaty of peace and arranged as follows:

Article I stipulates for the re-establishment of peace and friendship between the sovereigns of the two empires and between the subjects of Russia and Japan respectively.

Article II says his majesty, the emperor of Russia recognizes the preponderant interest from political, military and economical points of view of Japan in the empire of Korea and stipulates that Russia will not oppose any measures for its government, protection or control that Japan will deem necessary to take in Korea in conjunction with the Korean government, but Russian subjects and Russian enterprises are to enjoy the same status as the subjects and enterprises of other countries.

Article III says it is mutually agreed that the territory of Manchuria be simultaneously evacuated by both Russian and Japanese troops, both countries being concerned in this evacuation their situations being absolutely identical. All rights acquired by private persons and companies shall remain intact.

Articale IV says the rights possessed by Russia in conformity with the lease by Russia of Port Arthur and Dalny, together with the land and waters adjacent, shall pass over in their entirety to Japan, but the properties and rights of Russian subjects are to be safeguarded and respected.

Article V says the governments of Russia and Japan engage themselves reciprocally not to put any obstacles to the general measures (which shall be alike for all nations); that China may take for the development of the commerce and industry of Manchuria.

Article VI says the Manchuria railway shall be operated jointly between Russia and Japan at Kouang-Tcheng-Tse. The two branch lines shall be employed only for commercial and industrial purposes. In view of Russia keeping the branch line with all rights acquired by her convention with China for the construction of that railway, Japan acquires the mines in connection with such branch lines which fall to her. However, the rights of private parties or private enterprises are to be respected. Both parties to this treaty remain absolutely free to undertake what they deem fit on expropriated ground.

Article VII says Russia and Japan engage themselves to make a conjunction of two branch lines which they own at Kouang Tcheng Tse.

Article VII says it is agreed that the branch lines of the Manchurian railway shall be worked with a view to assure commercial traffic between them without obstruction.

Article IX says Russia cedes to Japan the southern part of Sakhalin island as far north as the 50th degree of north latitude together with the islands depending thereon. The right of free navigation is assured in the bays of LaProuse and Tartare.

Article X says that this article recites the situation of Russian subjects on the southern part of Sakhalin island and stipulates that Russian colonists here shall be free and shall [illegible] right to force Russian convicts to leave the territory which is ceded to her.

Article XI says Russia engages herself to make an agreement with Japan, giving to Japanese subjects the right to fish in Russian territorial waters of the Sea of Japan, the Sea of Okhotsk and Behring sea.

Article XII says the two high contracting parties engage themselves to renew the commercial treaty existing between the two governments prior to the war in all its vigor with slight modifications in details and with a most favored nation clase.

Article XIII says Russia and Japan reciprocally engage to restitute their prisoners of war on paying the real cost of keeping the same, such claim for cost to be supported by documents.

Article XIV says this peace treaty shall be drawn in two languages—French and English, the French text being evidence for the Russians and the English text for the Japanese. In case of difficulty of interpretation the French document to be final evidence.

Article XV says the ratification of this treaty shall be countersigned by the sovereigns of the two nations within fifty days after its signature. The French and American embassies shall be intermediaries between the Japanese and Russian governments to announce by telegraph the ratification of the treaty.

Two additional articles are agreed to as follows:

Article 1.—The evacuation of Manchuria by both armies shall be complete within eighteen months from the signing of the treaty beginning with the retirement of troops of the first line. At the expiration of the two parties will only be able to leave as guards for the railway, 15 soldiers per kilometer.

Article 2.—The boundary which limits the parts owned respectively by Russian and Japan in the Sakhalin island shall be definitely marked off on the spot by a special demitographic commission.

Treaty Ready for Signatures.

All is in readiness for the signature of the peace treaty. The engrossers were up most of the night putting the finishing touches on the great paper. This morning the members of both missions are busy packing prior to their departure, either this afternoon or tomorrow. Now that they may sign the protocol of the final sitting the plenipotentiaries will leave the hotel at 2 o'clock, arrive at the navy yard about 2:30. The treaty will be signed about 3 o'clock. The Russian mission will go from the navy yard to Christ church for the Thanksgiving service.

Heirs to Enormous Fortune.

Chicago, Sept. 6.—A dispatch to the Record-Herald from San Francisco says that Francis Templeton Crocker, the only son of the date millionaire, was 21 years old Saturday and will come into his inheritance next week. When Colonel Crocker, a son of one of the original "Big Four" Central Pacific railroad builders died eight years ago, he left an estate of $8,000,000 to be divided only between Templeton and two sisters. Since then the estate has nearly doubled so that now it is estimated each of the heirs will get between $5,000,000 and $6,000,000 making them the richest children in California.

Monthly Cotton Report.

Washington, Sept. 6.—The monthly cotton report of the department of agriculture issued at noon today is as follows: The crop estimating board of the bureau of statistics of the department of agriculture finds from the reports of correspondents and agents of the bureau that the average condition of cotton Aug. 25 was 72.1, as compared with 74.9 on July 25, 1905; 84.1 on Aug. 25, 1904; 81.2 on Aug. 2, 1903, and a ten-year average of 73.0.

Much Fire Insurance Paid.

New York, Sept. 6.—The fire loss of the United States and Canada for August as compiled by the Journal of Commerce, aggregates $11,475,600 as compared with $9,715,200 for the same month last year and $8,428,250 during August, 1903. The total for the first eight months of the current year is $117,750,097.

PHYSICIAN REFUSES TO REPORT CASES

Authorities Order the Arrest of Prominent Doctor.

TOTAL CASES 2,086; DEATHS, 294

The Cause of the Large Number of New Cases Reported Monday Was Due to the Fact that Several Physicians Had Failed to Report Them.

Total cases to date—2,086.
Deaths today—2.
Total deaths—294.

New Orleans, Sept. 6.—Conditions were unchanged today in the figst except that the sky was clear and cool after a week of intermittent rain.

Fair weather is predicted for tomorrow, and that will enable Dr. White to carry forward his work of destruction of the breeding places of mosquitoes.

It was said today that additional physicians who have manifested an unwillingness to report cases are under observation and they will be proceeded against if they do not heed the warning given in the Berge case.

Physician Is Arrested.

People generally today accepted the explanation that the arrest of a leading physician for failure to report cases was responsibile for the spurt in new cases in the past 24 hours, and the momentary disappointment over Monday's record has been replaced by a feeling of renewed confidence. That feeling is fortified by the fact that there was no rise in the deaths which are exceedingly few in view of the variable weather conditions. Relatively low temperature was again recorded today. There appears to be no way of enforcing the wish of the physicians that moving day be postponed from Oct. 1 to Nov. 1, but Mayor Behrman has issued an appeal to the public to follow the suggestion of the authorities. It is thought that for the general welfare both landlords and tenants will try to co-operate with them.

Dr. White has issued an order to the commissioned officers of his service on duty here to take advantage of every opportunity to familiarize themselves with yellow fever clinically and to qualify themselves as diagnosticians of the disease. The various officers are instructed to lose no opportunity to see the disease clinically and post mortem, especially at the emergency hospital.

Reason for Spread in Country.

Inspector Brady has reported to President Souchon of the state board that one of the reasons why the fever spreads so persistently in the country is the apparent inability or unwillingness of some physicians to diagnose mild yellow fever. These physicians though men of standing and ability in the profession, apparently look for black vomit and marked jaundice and when these do not appear they do not think a yellow fever diagnosis can be made. Dr. Brady has asked president Souchon to address a circular letter to the physicians all throughout th estate asking them to recognize mild cases of the disease and then to make the precautions that are in effect here. A diamond festival is being arranged here to take place Sept. 16, from which it is expected to realize a large amount of money for the yellow fever fund. Business is to be suspended and all the military and civic organizations and the school children are to take part. At the request of the committee in charge Mayor Behrman wrote to President Roosevelt asking him to increase the attractiveness of the event by opening it by wire, the Western Union having agreed to run a special wire into the park for the purpose. The president has written that he will gladly send the message.

Schools Will Be Opened.

City Health Officer Kohnke has written a letter to the members of the various educational institutions telling them under what conditions their schools may be opened. He advised against the coming to New Orleans of pupils who live in uninfected localities and who are not immune. Schools located in infected neighborhoods are not to admit pupils from uninfected neighborhoods. Schools in neighborhoods not infected are to be permitted to receive pupils from any section, infected or not. The schools will be disinfected once a week.

The fever at the Reserve, the big Godchaux plantation on the Mississippi Valley railroad, has been practically wiped out as a result of the hearty co-operation of the people there. When passed as Surgeon Corput went there on Aug. 10, there were 15 cases. He was given full authority and money to fight the disease. A hospital was erected and continuous warfare kept up against the mosquitoes.

A telegram from Reserve announces that there has not been a case for ten days and that the hospital has been closed.

MARSHAL FIELD IS MARRIED.

Wealthy Chicagoan Weds Rich Widow at St. Paul's Cathedral.

London, Sept. 6.—Marshal Field and Mrs. Arthur Caton, of Chicago, were united in marriage at noon today at St. Margaret's church, Westminster. Canon Herbert Hensley-Henson, of St. Paul's cathedral, assisted by the Rev. Samuel Kirschbaum, of St. Margaret's performed the ceremony.

The church was closed to the general public and only a small congregation composed of the immediate relatives of the couple and Ambessador and Mrs. Whitelaw Reid, and the staff of the American embassy witnessed the ceremony.

The groom, who was supported by his son, Marshall Field, Jr., arrived at the church promptly at noon and was followed imediately by the bride. She was accompanied by Augustus Eddy, and wore a very handsome costume of gray chiffon trimmed with point lace and a large picture hat, with ostrich feathers. With the exception of two immense bouquet of lilies on either side of the altar, the church was not decorated.

After the simple ceremony of the church of England the birdal party retired to the vestry where the signing o the fregister was witnessed by Ambassador Reid, Secretary Carter, of the embassy: Augustus Eddy and Marshall Field, Jr.

FAILED TO LYNCH PRISONER.

Montana Mob Is Foiled in Its Effort by Officers of Law.

Butte, Mont., Sept. 6.—A mob of a hundred men early today made a determined but unsuccessful attempt to lynch James F. Barnes, who late Sunday night shot and killed Patrick Hanley as the result of a slight argument.

The jail was taken by storm, the would-be lynchers commanding the broad stairway leading to the doors of the courthouse and with drawn pistols, firing over the head of the crowd and police who were attempting to enter.

Inside a mob battered at the big steel doors, but without success. On the upper corridors were stationed a number of deputy sheriffs with rifles and revolvers and this tended to hold the angry crowd back.

The mob finally sent for dynamite, but those despatched on the arrand failed to return in an hour and the ringleaders abandoned the attempt and were persuaded by the police to disperse.

Deputy Sheriffs Open School.

Birmingham, Sept. 6.—A unique spectacle will be presented Tuesday morning at Brighton, a suburb of Birmingham, when the city school will be opened by deputy sheriffs, and the teacher will organize the pupils under the protection of the officers. For several weeks there has been spirited rivalry between two factions of the school board, and at present each faction has a seperate lock of the school room door. Officers will break the locks and assist the teacher who had been previously engaged to organize the school.

THREE ARE KILLED AND EIGHT INJURED

In Rear End Collision of Passenger and Freight Trains.

COULD NOT CONTROL THE TRAIN

The Engineer of the Freight Train On Account of a Steep Grade Was Unable to Stop in Time to Avoid the Wreck.

Denver, Colo., Sept. 6.—Three persons were killed and seven [illegible] injured in a rear end collision last night at Brush Creek, on the Burlington and Quincy [illegible] miles east of Denver between a passenger and a freight train both westbound.

The dead:
John Lindsey, negro porter.
—— Vaughn, negro cook.
A passenger, name unknown.

The passenger train, the fourth section of No. 13, was standing at the station while the engine was taking water. Fast freight No. 7 crashed into the private car, the Rainbow, partly telescoping it and killing the porter and cook.

A chair car and two Pullmans ahead of the Rainbow, were ditched.

Most of those injured were passengers in this car. In the Rainbow was a party of eastern capitalists under the guidance of R. L. Dyer, of the Eastern Mountain Mining company, who left Philadelphia Saturday. One of the injured is P. Schuby, of Chillicothe, Mo. Most of Brush is a steep grade, and it is said the engineer of the freight was unable to control the train coming down the hill.

Severe Earthquakes in Mexico.

Mexico City, Sept. 6.—News from the state of Michoacan says that a great volcanic upheaval threatens the city and valley of [illegible]. The people are fleeing to the interior. The entire side of a mountain on the mountain called Cerro Prieto, about 200 feet square, suddenly took an upward movement and great masses of rock broke loose in the heaval, fell into the valley with thundering noise. Fifteen minutes movement was plainly felt and was accompanied with subterranean noises. For two days slight local earthquakes have been daily occurrence.

New Abbattoir Is Opened.

New York, Sept. 6.—[illegible] butchers to the number of [illegible] thousand attended yesterday ceremonies at the formal opening of the new abbattoir of the company which is fighting the so-called beef trust. This new plant is the outcome of three years of co-operation of the five hundred retail butchers of the city who constitute the company. The main building of the new abbattoir is a five-story brick and stone structure, whoile the entire plant covers altogether 28 city lots of 25 by 100 feet of ground. The abbattoir has a weekly killing capacity of 1,000 cattle and 18,000 small cattle.

Tickte Robbing Scheme Exposed.

New York, Sept. 6.—After ten days of active work the detectives of the Long Island railroad have discovered the details of a plot of robbing the company by selling passenger tickets a second time. It is stated that the plan has been in operation during the summer season, and it has cost thousands of dollars to those interested. The men under suspicion have been discharged.

Feature was Women's Parade.

Norfolk, Va., Sept. 6.—The feature of the Labor day exercises was the labor unions' parade, participated in by about 2,000 persons and characterized by many attractive floats. United States Senator Martin and Congressman Swanson, Democratic candidate for congress will speak at Portsmouth this afternoon.

LIGHTNING STRUCK A LADY AT HAGUE

Mrs. DaCosta Cellon Victim of a Most Painful Experience.

STUNNED BY ELECTRICITY

Was Unconscious for Several Hours, But Constant Attention Brought Her to Consciousness, and on Monday Morning She Was Out of Danger.

There came near being a serious calamity at the home of DaCosta Cellon at Hague, Sunday afternoon, when Mrs. Cellon, the wife, was struck down by lightning, and received a severe shock which lasted for an hour or more, rendering her unconscious and causing no end of excitement and anxiety among the members of the family.

Mrs. Cellon had invited a number of relatives to dinner, and just after the assembled guests had partaken of dinner a storm came up and the hostess went into the kitchen for some purpose. As she reached the stove and attempted to grasp a pot-handle the lightning came and struck her down.

The lightning entered the kitchen door, struck the right hand of Mrs. Cellon, following up her arm, and when it reached her shoulder passed on. The victim was terribly shocked, and the shock was felt by those in the dining-room, but she recovered after frequent applications of cold water and is now resting easily. She can tell how it feels to be struck by lightning, but her experience can never be appreciated by any persons but those who go through it.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all woman beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

FRACAS AT JONESVILLE.

Two White Men Received Painful Injuries—Three Negroes Arrested.

There was a festival at Jonesville Saturday night, with the usual result, only this time it resulted in the wounding of white men instead of negroes.

The festival was of the African persuasion, but was attended by a number of white people. At the close there was a general row, in which Moses Keen and Sam Sapp were the victims. Keen was shot in the face and neck, while Sapp received the contents of a shot-gun in the back of the head and neck.

The men were taken to a physician in Newberry, where their wounds were dressed. The physician was in Gainesville Monday, and stated that while the wounds would prove very painful they were not dangerous, and the victims would recover.

Sloan, Washington and Maxey Childs were arrested for the shooting, and are now in jail at Newberry

Dr, Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Me., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

That Ball Game.

If the report of one of the Alachua ball players is true, The Sun was somewhat off in its report of the game between that town and High Springs recently. The Sun stated that the game resulted in a score of 11 to 12 in favor of High Springs. This party states, "upon his own recognizance" that the game stood 11 to 11 in the ninth inning, that Alachua was at the bat with three men on bases, one out, and that High Springs "threw off." That is a matter to be settled between themselves.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

MELROSE MATTERS.

The Picnic Season is Now On—Big Time at Martin's—Boat News.

Melrose, Sept. 3.—On Saturday, September 2nd, there was a picnic given by James Martin in the grove which lies between his residence and McLeod's lake. The good things to eat were spread on the lawn near the water's edge, and after everyone had eaten bountifully of the feast, they then repaired to the house and there enjoyed dancing until late in the afternoon. In spite of the heavy rain which fell in the afternoon all had a very enjoyable time. One of the most interesting features of the day was a mock marriage, the contracting parties being Miss Lula Goodson and Mr. Flennie Wells, the ceremony being performed by Perry Granger. The spectators had the laugh on Mr. Wells when Mr. Granger asked for his fee of $5 for his services. The groom then had to acknowledge that he was broke. We were favored with some very fine music and singing by Mr. Martin. He is a very fine musician and a most interesting entertainer. We all hope for another good old picnic of this kind to be given by our genial friend in due season.

There is to be a picnic at Earleton Friday, September 8th, and the boat will handle passengers from Melrose and Waldo. Fare for the round trip from Melrose will be 25 cents, and from Waldo the round trip will be 50 cents. Boat leaves Melrose for Earleton at 10 a. m., returning to Melrose at 5:30 p. m. Leave Earleton for Waldo at 3:30 p. m., arriving at Waldo at 4:40 p. m.

The farmers state that cotton is not damaged as bad as was at first supposed, although they are having heavy showers nearly every day. There were twelve bales of cotton shipped last Saturday.

Mr. Hamlyn is building a house for his new launch, which is to arrive the first of next month.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

BENJ. RUSH ON COTTON.

Returns From West and North Ends on Inspection of Cotton Crop.

Benj. Rush, United States special cotton agent for this district, has returned from a tour of inspection, and has been gathering statistics. Mr. Rush states that all sections have been more or less damaged, but he is surprised to note that the ginning so far compares favorably with last season.

Mr. Rush does not expect to finish his work until March of next year, and will be required to furnish the department with semi-monthly reports of all cotton ginned.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless, and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains." Sold by W. M. Johnson.

SURVEYING CORPS HAS BEGUN WORK

Gainesville and Gulf Means Business as Regards Extension.

WILL BUILD ON TO TAMPA

Preliminary Lines Will be Run, After Which Work Will Begin in Earnest, and Road Will be Pushed Through to Destination Without Delay.

Chief Engineer and Surveyor J. W. Patton and his force of twelve men left the city Monday for Fairfield, where they will begin several preliminary lines for the construction of the Gainesville and Gulf Railroad from that point to Tampa.

The corps consists of Chief Engineer Patton, Surveyor A. W. Taylor, Thos. McCarroll, Herbert Pinkoson, Robt. McKinstry, Wylie Taylor, and six colored men, who will be employed as cooks and helpers.

Mr. Patton states that he has instructions to run the lines as directly and as quickly as possible, and he thinks he can have three lines completed in twenty days. While he will have charge of the work and will run a line himself, he will entrust the running of other lines to Surveyor Taylor and Thos. McCarroll, which will give three preliminary lines.

The work will be pushed forward as rapidly as possible, as Surveyor Patton is particularly anxious to make the time within the limit expected. It will require considerable "scheming," but he will be equal to the occasion.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo, O.

Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

WARD CITY TRAGEDY.

Saturday Night Festival Terminated With Usual Fatalities.

Information has reached this city to the effect that at a festival near Ward City Saturday night a general row occurred, in which Pat Williams severely "carved" another negro known as "Red," which may prove serious, as the victim is said to be in a critical condition.

It is said that the two men became involved in an altercation over a woman, and that jealousy was the cause.

Williams was arrested by Deputy Sheriff M. Z. Turner and taken to Starke, where he is now in jail.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

BIG MEETING OF FAIR ASSOCIATION

Many City and Country Folks Showed Interest in Meeting.

THEY CAME FROM EVERYWHERE

Those From the City and From the Country Seemed to Manifest Great Interest—An Exhibit at the Fair is Now Assured—Interesting Meeting.

The Alachua County Fair Association, desirous of bringing into the organization members from the best people and most progressive element of the county, held a meeting Monday, and quite a number were present.

The meeting was called to order by Vice-President Louis C. Lynch, in the absence of the president, Major W. R. Thomas.

Chairman Lynch explained the purpose of the meeting. He stated that already a number of the most prominent men in the county, earnest and faithful advocates and workers for the success of the Alachua county exhibit at the State Fair, had "taken unto themselves" the responsibility of joining together in this movement, and had appointed Fair commissioners, among the most prominent people, from various sections of the county. "I have noted, and probably many of you have noted, that as a rule these commissioners, full of energy and love for their county, have gone to work," remarked Chairman Lynch, "but they need the support of the backbone of their county. There have been but few men appointed as commissioners who have not written the Fair Association that they are heart and soul with the organization, and many of them have already sent exhibits to Gainesville for the county exhibit at the State Fair."

Chairman Lynch stated that it was important Alachua county should be fully represented at the State Fair. "I am not trying to fry fish in another man's pan," he said in a good-natured way "but let me tell you something: Every county in Florida is going to the State Fair, and they are going to try and go there 'strong.' Many counties financially and agriculturally and horticulturally and from a manufacturing standpoint weaker than we, are determined to go to Tampa with the best they have and will make a fine showing and surely we will not permit the dear old county of Alachua, with all the resources of the whole South, to send a few jars of pickles and preserves which will be not a benefit, but a detriment to our county, when shown up against the productions of other counties which raise the best on earth in this line."

There was a hearty response to Mr. Lynch's talk, and it was not long before those before him were shaking his hand and congratulating him upon his stand in the matter.

Chairman Lynch stated that this meeting had been called for Friday, but owing to the fact that the business men were busy and the people outside were too much occupied in trading to attend the same had been postponed, and he was glad to see so many present on this occasion, as it made his heart glad to know that interest was being taken in the State Fair—not for the interest of the Fair particularly, but the interest of Alachua county. He took occasion at this point to say that he believed Alachua county was interested in agriculture, in horticulture, minerals and in other ways, in which and there was no reason why a fine display could not be made. He said he wanted to have that $2,000 first prize and said, "and there is no reason why we should not get it."

Major John W. Tench, collecting manager of the county exhibits for the Fair, was present, and added to the meeting what he had done. He told of the manner in which he was working, which was to have a perfect system.

Jesse E. Burtz, representing the State Fair Association, was present, and made a short talk on "The Objects of the State Fair and What It May Accomplish." Mr. Burtz is the vice-president for the State Fair Association, and, being a resident of Alachua county, wants to see a fine exhibit at the Fair.

There were a number of prominent people from every section of the county at the meeting, having been invited to join in the same by the vice-president. At the conclusion of the meeting it was decided to select a list of the leading citizens representing the various sections of the county as members of the Fair Association, as follows:

Waldo—J. T. Weeks, J. M. Boring.

LaCrosse—Ivan Holder, R. R. Joiner.

Alachua—W. C. Rives, S. T. Prescott.

Willeford—A. Feagle, J. M. Tolbert.

Trenton—W. J. Mathews, W. Claude Colson.

Newberry—James Chesnut, T. R. Pickett.

Gainesville—H. F. Dutton, C. A. Colclough.

Hawthorn—C. C. Morrison, T. C. Holden.

Island Grove—B. T. Cason, J. R. Tompkins.

Micanopy—John J. Barr, W. C. Smith.

Archer—C. W. Bauknight, S. Frie.

Arredondo—W. C. Beville, D. W. L. Barton.

Fairbanks—R. W. Arnold, M. Beckham.

Windsor—M. J. Beckham, C. Dunn.

Melrose—Baron H. von Noszky, John Fennell.

Lake View—Thos. Johnson, W. S. Jackson.

Hague—Chas. M. Dell, J. A. J. Strickland.

Osceola—Wiley Hines, Samuel Polk.

Orange Heights—Geo. W. Kitler, B. S. Barnes.

High Springs—G. W. Easterlin, E. K. Anderson.

Bell—Thad. C. Bryant, H. B. Brooker.

Campville—H. M. Moran, L. M. McKinney.

After discussing matters relative to the Fair, the meeting adjourned subject to the call of the chairman.

There is no doubt that Alachua county is well enthused in the Fair movement, and she will show up well at the State Fair, if those interested work to their interests. The coming State Fair will be one of the largest and best ever seen in the South, and the visitors attracted are bound to become interested is this county, its possibilities and its wealth.

Ayer's

You know the medicine that makes pure, rich blood—Ayer's Sarsaparilla. Your mother, grandmother, all your folks, used it. They trusted

Sarsaparilla

it. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.

"I suffered terribly from indigestion and thin blood. I found no relief until I took Ayer's Sarsaparilla. Four bottles permanently cured me."
MRS. F. R. HART, Mt. Kisco, N. Y.

$1.00 a bottle. All druggists. J. C. AYER CO., Lowell, Mass.

for

Rich Blood

Ayer's Pills are gently laxative. They greatly aid the Sarsaparilla.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

The Evinston School.

The Evinston school, under the direction of Miss Vallie Grace, opened Monday under most favorable conditions, a good enrollment having been recorded the first day. Miss Grace is one of the most popular and most efficient teachers in the county, and will no doubt make a fine success of the Evinston school.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Session Opens
September 18th, 1905

A NEAT SUM HAS BEEN APPROPRIATED

To Defray Expenses of Securing Exhibits for State Fair.

PEOPLE ARE ENTHUSIASTIC

The Alachua County Fair Association is Hard at Work, and is Meeting With Encouragement From Every Quarter—Matters Working Smoothly.

The Board of County Commissioners showed its appreciation of the efforts of the Alachua County Fair Association in the matter of sending an exhibit to the State Fair at Tampa, by appropriating $500 to defray expenses, and intimated that if this sum was not sufficient they would be willing to increase the appropriation.

Jesse E. Burtz, representing the State Fair Association, and L. C. Lynch, vice-president, W. W. Colson, secretary, and Dr. T. F. Thomas, chairman of the Board of Directors of the Alachua County Fair Association, appeared before the Board and announced that, in compliance with the suggestion of that body at the August meeting, a county organization had been formed, and the organization had been for several days at work.

Upon motion the sum of $500 was appropriated, $250 of which shall be paid to the treasurer of the County Fair Association at once. This fund will be used in defraying expenses of collecting exhibits, etc.

The Board of County Commissioners is to be commended for its energy in this direction, and the County Fair Association proposes to show them that old Alachua will be at the State Fair with the goods. We are after that $2,000 prize for the best general county exhibit, and if hard work will get it, the prize will come to Alachua.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Card of Thanks.

Editor Sun: Will you please allow us space in your columns to heartily and sincerely thank the good people surrounding our place of abode for the kindness they showed us during the recent illness and death of our darling little Loucile.

May they so live that in the hour of death God's richest blessing may rest upon them, as it did on the darling so dear to us.

MR. and MRS. A. M. CATHCART.
Alachua, Sept. 4th.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Weien of Texarkana, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

ORINO

Laxative Fruit Syrup

Pleasant to take

The new laxative. Does not gripe or nauseate. Cures stomach and liver troubles and chronic constipation by restoring the natural action of the stomach, liver and bowels.

SUCCESS ICE PLANT IS AGAIN SOLD

Watts & Carter This Time Were the Purchasers.

WILL MAKE IMPROVEMENTS

Rumored That They Will Discard the Experimental Machinery for Something More Practical, and Will Make Ice Without Trouble.

If rumor is correct, the people of Gainesville will have the privilege of dealing with another ice company, if they so desire, within the next few weeks. It has been rumored that Henry F. Watts and N. R. Carter have purchased the plant of the Success Ice Company, at the junction of the Atlantic Coast Line and Seaboard Air Line railroads, West Main street, S., and will proceed at once to thoroughly overhaul, repair and re-equip the plant.

The plant of the Success Ice Company was erected about four years ago, and has proven anything but what its name indicates, since it has been under the management and control of several concerns and individuals. The machinery is of a type peculiar to ice manufacturing, being machinery by which the ice is scraped from a huge cylinder as the water freezes, and packed in a hydraulic manner. The principle seemed to work with more accuracy than the experiment, with the result that, while considerable ice was made and sold, it has never proved a success.

It is understood that the new owners propose to remove the present plant, discarding the same altogether, and will install a brand new and up-to-date compressed ice manufacturing machine with a ten-ton capacity. In that event they will have a good plant, but will save only the building from the original plant.

With this factory, together with the new factory which will be installed by the Gainesville Electric Light and Power Company, surely there can be no reason for a fellow doing without the comforts of ice in future, for three factories should make things lively, as well as cheap.

MISS DENHAM ENGAGED.

Wedding of Much Interest Will Take Place in November.

The recent announcement by Capt. and Mrs. W. B. Denham of the engagement of their daughter, Helen, to Dr. Frederick Greene Barfield, will arouse widespread and cordial interest among the many friends of Miss Denham and Dr. Barfield. Dr. Barfield at one time lived in Savannah, but four years ago returned to Cuthbert, Ga., which was his home originally and where he has since been practicing.

Miss Denham has been spending the summer North with her mother and sister, and is now at "The Rocks," Highland Falls on the Hudson. Since the residence of the family in Savannah, Miss Denham has been one of the most admired girls of the younger society set, and the announcement of her engagement will be of more than ordinary interest.

The wedding will be a home event, to which only the most intimate friends will be asked. It will take place quietly the latter part of November.—Savannah Morning News, Sept. 5

THE YELLOW FEVER.

A Total of Sixteen Cases and One Case at Pensacola.

Pensacola, Sept. 6.—Yesterday there were two cases and today two more. Total cases to date, 16; with only one death. The Pensacola refugee, Caruthers, is dead at Atlanta.

At New Orleans.

New Orleans, Sept. 6.—From 6 p. m. yesterday up to noon today there were 18 new cases, with no deaths reported. Total cases to date, 2,124 with a total of 294 deaths. A hopeful feeling exists.

Thought Law Was Repealed.

The sportsmen who were arraigned before Justice Colman upon a charge of violating the law by shooting ducks out of season, and who were fined $25 and costs each, the fine being suspended pending their regard for the law were not under the impression that they were offending the law, which they believed to have been repealed by the statutes of 1905. These defendants are reputable citizens, and would not offend the dignity of the law if they knew it. Justice Colman was aware of [illegible] fact, which accounts for the suspension of the imposition of the fine.

[illegible] their f[illegible] a reasonable [illegible] devoured [illegible] spenters will be put [illegible] White's Ca[illegible]

A WARM GAME OF REAL BASEBALL

The Fats and Leans Play Nine Interesting Innings.

FAT AND LEAN FUN, ETC.

Some Desperate Plays and a Satisfied Crowd—Dr. Dell Makes a Home Run and Taylor a Fine Double—Minot Saunders Makes a Run.

There was a large audience present at the ball park yesterday afternoon to witness the ball game between the Fats and Leans, two nines made up from local players, and the cemetery fund was benefited upwards of $40.

At precisely 3:50 Umpire Chubb introduced the two contending batteries, and 3:52½ Dr. Dell commenced to fire the spheres over the plate in allopathic doses, with Tench at the receiving end. Burkhim was the first Fat man up and he couldn't make connection with anything but the atmosphere, Graham going out on a fly, Dr. Morris getting to second on a hit, Joe Ettel striking out. No run.

For their half of the first inning the Leans made three runs on hits by Will McKinstry, Dr. Dell and E. A. O'Neill, followed by Tench's out at first, Pournell's fumble of Colson's hit to third. Coffee struck out and Colson was out trying to steal second. Three runs.

In the second, third and fourth innings there were no runs made, and in the fifth the Leans rolled up three more. In the sixth they got one more and the seventh netted each team a blank. The eighth gave the Fats two and the Leans one, the Fats ending the fun by making two in the ninth. The players were as follows:

Fats—L. J. Burkhim, p; Lee Graham, c; Dr Morris, 1b; Joe Ettel, 2b; Taylor, 3b; Stevens, ss; Pournell, rf; M. B Saunders, lf; Prof. Coffee, cf and p.

Leans—Will McKinstry, 1b; Dr. Dell, p; E. A. O'Neill, 2b; B. M. Tench, c; W. W. Colson, cf; Seagle, lf; A. F. O'Neill, 3b; Dr. Tison, ss; J. A. Goodwin, rf.

The score by innings is as follows:

Leans	3 0 0 0 3 1 0 1 x—8
Fats	0 1 0 0 0 0 0 2 2—5

THE NEWS FROM ALACHUA.

Marriage of Popular Young Man—Real Estate Transfers—Personals.

Alachua, September 6.—C. A. Neil is now with Futch Brothers as salesman.

W. H. Sealey has returned from New York.

Mrs. F. S. Ramsey is in Atlanta, Ga.

Edgell Guinn, who is agent at Baldwin, on the J. & S.-W. Railway, was in the city a short while Sunday.

E. S. Myers spent Sunday in Starke.

Dr. J. W. Bishop has returned from Newberry, and will in future make his home in Alachua. He is a sterling young man and his hosts of friends wish him success.

Miss Maria Turner has returned from a pleasant visit to Mr. and Mrs. J. E. Bates at Haynesworth.

A bakery owned and operated by J. Y. Bradley is one of the new enterprises for Alachua.

Miss Minnie Thigpen of Waldo is now with Dell, Jordan & Co. Miss Minnie is a favorite here, and her many friends are glad to have her with them again.

M. J. Eddy has traded his lot to J. L. Cloud for the building occupied by the Bank of Alachua. Dr. Cloud will erect a handsome business house on the lot. J. M. Powell expects to join Dr. Cloud's store with one equally as handsome at an early date.

Athel Thomas, who has been attending college at Macon, Ga., returned Friday.

Miss Claudia Ambrose returned to Waldo Monday, after spending a week with Mrs. O. M. Futch.

Little Miss Maude Godbey of Waldo is visiting her sister, Mrs. Oliver Futch.

The many friends of Mrs. Martha Rawls regret to know that she has been quite sick for some time.

Mrs. J. S. Johnson is visiting her parents at Anthony.

Mrs. S. C. Dell and Misses May Dell and Idella McKinney attended the Fowler-Robarts wedding at Melrose Wednesday.

Mrs. Smith Futch has returned from a visit to relatives at Santa Fe.

Mrs. C. C. Wetherington leaves Friday for Cedar Key to visit her husband.

Mrs. J. H. Richardson and children left Monday for Cedar Key to join Mr. Richardson, who is engaged in the fish business.

W. T. Robarts left Tuesday for Melrose, where, on Wednesday at 1 o'clock, he was united in holy wedlock to Miss Alice Fowler at the home of the bride's parents, Mr. and Mrs. F. J. Fowler. Miss Fowler is one of the most popular young ladies who has visited our town—a young lady who has hosts of friends and admirers, and who scatters sunshine wherever she goes, possessing those lovely traits of gentleness that make home happy. Her many friends will welcome her here with open arms, as she has often visited here and is held in high esteem by all. Mr. Robarts was formerly agent of the Atlantic Coast Line at this place, which position he filled with credit to himself and employes, but is now connected with C. A. Williams in the furniture business. He is a young man of noble character, one who numbers every acquaintance a friend, and who by close application to his business is making a success. Immediately after the ceremony Mr. and Mrs. Robarts left for Daytona, where they will visit the former's parents, returning to Alachua Friday. This couple have the best wishes of hundreds of friends over the State that all the good things of this life be theirs.

COTTON GROWING ABROAD.

Two Thousand Bales of Sea Island Have Been Ginned at San Juan.

The Sea Island cotton industry on the Island of Porto Rico is assuming enormous proportions, and that island is rapidly coming into competition with Florida and other States of the Sea Island belt.

E. F. Corbett, an Alachua county boy who is thoroughly posted on cotton from the planting to the gin, is superintendent of the immense plant of the Florida Manufacturing Company, who are now operating plantations and gins in Porto Rico. He states, in a letter to a friend in this city, that the conditions have been most favorable on the island, with the result that there will be a big crop. "The season is early here," he says. "We have already ginned two thousand bales, and there are in the fields of this section about two thousand more, which will be turned out, if the staple can be gathered, within the next two weeks. The cotton is of the finest quality, and it makes me feel good to know the bulk of the seed came from Alachua county."

W. J. Williams of Trenton, another Alachua county boy, was superintendent of the planting and growing of the crop, which turned out as fine as could be expected. Mr. Williams has returned to this country and is running the machines at Rives & Son's ginnery, Alachua.

Registration Notice.—Notice is hereby given that the registration books of the City of Gainesville are now open at my office in the United States land office, where all persons qualified to register, including residents of the new territory added to the corporate limits of the city by the new charter enacted by the last Legislature, may register between the hours of 8 and 12 a. m. and 1 and 4 p. m. Books close on Saturday, September 9th, 1905. J. M. DELL, City Clerk.

The Tampa school board will pay the superintendent in 12 instalments, every calendar month, instead of every school month, as in the past. It is claimed that the payments will be easier to meet.

The Dade county superintendent is having hard work to secure teachers. Must be something wrong as there are plenty of teachers.

THOUSANDS OF FAIR WOMEN HERALD PRAISES OF PE-RU-NA

Catarrh and Catarrhal Diseases Make Invalids of More Women Than All Other Ailments Combined.

Suffered Long With Catarrh.

Miss Clara Case, 715 9th street, N. W., Washington, D. C., writes:

"I can think of no event in my life that fills me with more gratitude and at the same time a sense of future security, as a cure after long suffering from catarrh, brought about by using Peruna as directed. It has completely cured me."—Clara Case.

Entire System Toned by Pe-ru-na.

Miss Mary Bennett, 1619 Addison Ave., Chicago, Ill., writes:

"A few months ago I contracted a cold by getting my feet wet, and although I used the usual remedies I could not shake it off.

"I finally took Peruna. In a week I was better. After several weeks I succeeded in ridding myself of any trace of a cold, and besides the medicine had toned up my system so that I felt splendid."—Mary Bennett.

Physicians Had Given Up the Case—Now Entirely Well.

Miss Gertrude Linford, Vice President Parkside Whist Club and teacher of Whist, 221 Niagara street, Buffalo, N.Y., writes:

"Peruna has effectually cured me after physicians had practically given up my case.

"For a long time I suffered with catarrh of the kidneys, had a weakness and pain in the back, lost flesh rapidly, my feet were swollen, my face was puffed under the eyes and I had a waxy sallowness of the skin.

"I took Peruna for some time and am entirely well. I cannot endorse Peruna too strongly."—Gertrude Linford.

If you suffer from catarrh in any form, do not delay. Take Peruna at once. Delays are dangerous.

Miss Nalley's Story—Short But Interesting to Every Woman.

Miss Addie Nalley, 137 D Street, S. E., Washington, D. C., writes:

"A cough, the grip, catarrh of the meanest kind—all sorts of remedies, home, patent and prescribed—and no relief,—that tells my story, a story of suffering and distress that lasted four years.

"Then—three bottles of Peruna, catarrh gone, appetite and strength returned—a happy woman, and now more grateful for the blessing of health—that is what Peruna has done for me."—Addie Nalley.

A reward of $10,000 has been posited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that above testimonials are genuine, that we have in our possession, authority to the same. See our advertising [illegible]

The Gainesville Sun has one of the best paragraphists in the South.—Punta Gorda Herald.

In practice campaigns the German troops will use Japanese maneuvers. The Emperor of the Germans is bound to be up to the times.

Thanksgiving Day always comes on the last Thursday in November, no matter how many Thursdays there may be in the month.

The frosts of early fall are beginning to pinch some of the people up North and they are inquiring about winter rates in Florida.

McCreary gets out a very creditable paper for a country daily—the best country daily The News has ever seen.—DeLand Weekly News.

And now they are asserting that the pen has knocked out the sword, and President Roosevelt is the man who started the goose quill to flopping.

Pensacola citizens are not paying visits to Jacksonville at present. They are looked on with suspicion and detained until they are free from fever.

The Gainesville schools will be up to the standard of any in the State this year, and there will probably be a large number of foreign students in attendance.

Indiana is so close to Chicago that the Hoosiers get the Chicago habit. One woman claims she has been married six times and was never in the Windy City.

The after effects of Labor Day are worse than that of a week's hard toil. The reason for it, no doubt, is that over eight hours are put in on Labor Day besides something else.

Taft does not expect to return from the Philippines until October. He evidently don't intend to visit them again for some time, and will give them all he can enough to last for a hundred years.

It is now claimed that Atlanta is in a fix because they have got left on the mosquitoes and will not have any quarantine unless they can have the whole thing. Did you ever see such selfishness?

The Adjutant-General of the State has ordered the State encampment of the Second Infantry at Orlando, and the next will be at Lake City, the date being October 5th for Second and October 16th for the First Regiment.

Emperor William of Germany, in speaking of the peace conference at Portsmouth said: "President Roosevelt alone deserves credit for bringing about peace. He was the only man in the world who could have done it. He did his part splendidly."

The observance of Labor's holiday was pretty general in the larger cities, while in the smaller ones there was more or less out of the ordinary. Some fellows will hang around and do nothing for a month to get a $2 note for falling in line on Labor Day.

BUILDING COTTON MILLS.

The South will in a few years be supplied with sufficient help to revive the cotton mills industry, which has been somewhat retarded of late on account of the labor problem, which has at times seemed to be one of the greatest obstacles in the way of this industry.

The report of Mr. Hester, secretary of the New Orleans Cotton Exchange, shows, however, that there was a very considerable increase in the amount of cotton taken by the Southern mills during the past business year. This would seem to indicate that while so many mills are not being built every year as there was a few years ago, the capacity for manufacturing cotton goods is being enlarged with great regularity.

The number of bales taken by Southern mills for the season of 1903 4 was 1,819,209, and for the year just closed it was 2,117,920, an increase of almost 300,000 bales. If the increase were as great every year it would take only a little more than thirty years for the South to manufacture pretty nearly the whole of her cotton crop, provided there was no increase in the volume of the crop.

But there is going to be an increase in the average size of the crop. There is no doubt about that. New lands will be brought under cultivation and old ones will be made more productive.

At present the South, as a rule, is manufacturing the coarser grades of goods, says The Savannah News. She ought, more and more, to give her attention to the manufacture of the finer grades, because there is a greater profit in them, and they require a class of labor that earns better wages. There are of course a good many mills that turn out the better class of goods, but there is no good reason why there shouldn't be a great many more. If the South is to get rich, and there is no reason why she shouln't, she should put as much capital as she can into factories that turn out the best goods that are made out of cotton.

The reason that she has given the most of her attention to the coarser grades is that she has lacked capital to engage in the manufacture of the finer grades and she lacked the labor. She has the capital now and there ought to be no difficulty in getting the labor. She should get out of her cotton all there is to be had.

With a proper understanding of the advantages of cotton factories located in the Suuth, there is no doubt, however, of securing an abundance of capital to push this industry. The people who have money to invest want the facts made known to them, and if one-half the effort was made in this direction as there is to sell stock in some worthless "salted" mine, there would be a rush of cotton mills to the South. It needs push to make a success of any industry.

WHY OIL KILLS MOSQUITOES.

The mosquito is at present attracting much attention, and his destruction is at this time of unusual interest. Mosquito larvae—wrigglers, as they are termed—require water for their development, says Henry B. Needham in The Country Calendar. A heavy shower leaves standing water, which, when the air is full of moisture, evaporates slowly. Then, too, the heat favors the growth of the micro-organisms on which the larvae feed. Wrigglers found in the water forty-eight hours after their formation will have plenty of food, and adult mosquitoes will appear six to eight days after the eggs are laid. Clear weather, with quick evaporation, interferes with the development of the wrigglers, so that a season with plenty of rain, but with sunshiny, drying weather intervening, is not "good mosquito weather."

Inasmuch as a generation of mosquitoes appear to torment man within ten days, at the longest, after the eggs are laid; as a batch laid by a female mosquito contains from 200 to 400 eggs; as from each egg may issue a larvae or wriggler which in six days will be an adult mosquito on the wing, it is to the destruction of the larvae that attention should be directed. The larvae is a slender organism, white or gray in color, comprising eight segments. The last of these parts is in the form of a tube, through which the wriggler breathes. Although its habitat is the water, it must come to the surface to breathe, therefore its natural position is head down and tail, or respiratory tube, up. Now, if oil is spread on the surface of a pool inhabited by mosquito larvae, the wrigglers are denied access to the air which they must have. Therefore, they drown just as any air-breathing animal would drown under similar circumstances.

YELLOW FEVER.

The yellow fever situation is none too cheerful, although there is no doubt of the truth of the assertion that the physicians have a slight advantage in the struggle. The vigorous measures at Pensacola will keep the cases there within bounds and prevent the spread of the disease, and the fact that it is so near at hand should be an incentive for every one to clean up, fumigate and prepare for the scourge in case it should come. Make an effort to kill the mosquitoes, clean out all cesspools and slick up generally, whether you fear the fever or not.

The many ports of Florida afford a good opportunity for refugees to get into the State, and nothing but a thorough patrol of the coast could prevent it, if they were inclined to come here. The reports from many States of numerous cases shows that with but few exceptions a vigorous effort is being put forth to check it, and it is safe to predict that the epidemic will not increase much more, if any, than it is at present.

But, in the meantime, let all look to their own household, and when it comes we will be prepared to receive the plague.

OUR MILITIA

Our State rifle team has returned from Sea Girt, N. J., where the boys of the various companies of Florida militia participated in the national contest, which brought together the best shots from the entire militia of the 45 States and several teams from the United States Army. While the team does not come home laden with medals, it has the satisfaction of leading many of the others that come from other States where the militia has three to our one to select from in procuring a team. The boys have certainly proven themselves a credit to the State.

Major Dapray, United States Army, retired, detailed by the Secretary of War as inspector of the Florida State Troops, and acting assistant adjutant-general of Florida, was at Sea Girt, and witnessed the work of the Florida team. He has expressed himself as being greatly pleased with the excellent scores made by the Florida rifle team.

According to the statements of The Ocala Banner the people of that city will not miss the saloons if they are removed as there are few men there who indulge in the stuff. The Banner declares that among the business and professional men there are no "boozers," and the clerks do not indulge, so the only ones left to drink up the liquor dispensed there are the laboring men. If this is true, is it any wonder we have labor troubles?

The Tampa Times calls The High Springs Hornet "that freak newspaper."

JUDSON JOTTINGS.

The Cotton Crop is Earlier Than Usual—Personal Notes.

Judson, Sept 5.—Mrs. R. P. Miller of Jonesville is here visiting her sister, Mrs R. S. Tucker.

Mrs T. R. Pickett and son, Gavin, of Half Moon are here visiting relatives.

H. A. Pickett of Jonesville was here Monday, and he went from here to Trenton on business.

The farmers are very busy picking out cotton. Some report that two-thirds of the crop is now open. It is about fifteen days earlier than usual. The gins will commence next week at Trenton. The gins here won't run this year.

It has been decided that we are entitled to permit the casting of 200 votes in the free Library contest for each yearly subscription paid for prior to October 15th, 1905. Subscribers who have paid for the paper since June 14th are entitled to vote. Coupons can be obtained at this office.

The Twice-a-Week Sun being entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for, the ladies of Kirby Smith Chapter, U. D. C., take this method of notifying those who pay their subscriptions prior to 7 o'clock p. m. of October 14th, 1905, or who have paid since June 14th, 1905, that the Chapter will greatly appreciate their support. Should the Chapter win the library the reference books will be given to the Gainesville High School, where they are badly needed, and the others to the Hospital Association. Simply write the editor of The Sun to permit Mrs. J. F. McKinstry, Jr., to cast your vote, and the ladies will greatly appreciate same.

ARNO ANECDOTES.

Important Wedding — Neighborhood Fish Fry—The Crop Outlook.

Arno, Sept. 4.—Miss Ella Osteen of Arno and Willie F. Marlow, chief clerk in one of the largest dry goods houses in Ocala, were happily united in the holy bonds of wedlock at the Forest Grove Church, August 27th. The church was most beautifully decorated and the bride and groom stood beneath a large horseshoe of flowers and evergreens. The ceremony was performed by Rev. W. C. Foster of Alachua, and was one of the most impressive and prettiest it has ever been our pleasure to witness. The groom was accompanied from Ocala by his uncle, Mr. Weaver. Miss Robinson and his sister. After a bountiful dinner at the home of the bride, enjoyed by a few friends, the happy couple left on the 1 o'clock train for Ocala, their future home, where the groom already had a home prepared for his bride.

Mr. Dent and family of St. Petersburg left for home this morning, after spending about ten days visiting friends in this community. They were accompanied by Miss Lola White, Mrs. Dent's sister.

Miss Fannie Terry of Fort White is visiting her brother, T. J. Terry.

A large number of neighbors and friends gathered last Wednesday on the banks of the Santa Fe river, at the spring, and enjoyed a bounteous fish fry and picnic. The fish were furnished by Messrs. Brown, Osteen and Rooks, who live near Blue Spring.

Miss Ruby Hawkins of Alachua is visiting Misses Rosa and Lessie May.

Rev. F. M. Hartman preached to a large congregation at Forest Grove on Sunday.

Farmers are busy gathering their corn and cotton crops. The crops are below the average. If the rains continue a little longer the hay and cane crops will be good.

Mrs. E. J. Brooks Leaves for Florida.

Mrs. Brooks, widow of the late E. J. Brooks, who has been studying voice culture and the piano since her husband's death and who has been fitting herself to teach music again, has gone to Gainesville, Florida, where a brother and sister reside and where she expects to locate for the purpose of teaching vocal and instrumental music. Mrs. Brooks taught music before her marriage, and she has lately been with teachers who have been abroad, and has passed the prescribed voice course for school work at the State Normal College and is prepared to teach the latest methods. Mrs. Brooks leaves a large circle of friends who are sorry to have her leave Albany but who wish her success in her new field of effort.—Albany (N. Y.) Times-Union, August 26.

Mrs. Brooks is at present at the home of Mrs. Pauline Mellvaine, 108 N. Arredondo street, where she will be pleased to meet those who desire instruction in voice culture or on the piano.

1,000,000 Bales for Alabama.

Montgomery, Ala., Sept. 5.—The cotton crop returns to the office of the state commissioner of agriculture include reports from several sections outside the state. E. S. Peters wires from Calvert, Tex., that that section is at 62, with the crop the poorest in east and north Texas ever known. M. H. Thomas says that Dallas territory is at 62, with high temperatures, and Walter Clark, of Clarksville, Miss., puts his territory at 69, as compared to last year, 66. Tennessee, where the yield is very small, is 82, reported by Commissioner of Agriculture Oglevie, while Georgia is at 66, and Alabama at 65, as compared with last year. Commissioner Poole is confident that Alabama will not make over a million bales this year, and expects to see a good price received for it.

Known by the Money He Keeps.

Sometimes a man's balance in bank is a fine tribute to his mental balance. A fool and a balance in bank soon part company.—Memphis News-Scimitar.

HERBINE

TRADE MARK

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by **TORPID LIVER** and **IMPURE BLOOD.** Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. **HERBINE** is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

BOND ORDINANCE PASSED COUNCIL

Action Was Unanimous in Calling Election For More Bonds.

FOR PUBLIC IMPROVEMENTS

The Ordinance, Which Originally Provided For $110,000, Was Increased to $115,000, and Public Hospital Included in List.

The regular monthly meeting of the municipal legislature was held Monday evening, and was a lengthy one, lasting until near on to midnight. This was due to the fact that the ordinance providing for the calling of an election for issuing bonds for public improvements was taken up, read three times, and passed. The document is a very lengthy one, and many alterations and amendments were discussed.

The meeting was called to order at 8 o'clock by Alderman Cushman, who acted as chairman pro tem in the absence of Chairman Broome, who is acting mayor in the absence of Mayor Thomas. The roll call showed Aldermen Cushman, Benson, O'Neill, Hodges and Wittstock present, also Clerk Dell.

The minutes of last meeting were read and approved, after which the board took up the payment of bills.

Alderman Benson, who was empowered at the last meeting with the privilege of prospecting for more water at the water plant, made his report. Alderman Benson stated that he had sunk three wells on the brink of the hill at Soulware spring, and was gratified to report that he had discovered an abundance of pure, cool, sparkling water which would not only give the people better water, but more of it. After discussing the matter, it was moved and carried that the superintendent of the waterworks be instructed to install new pumps for this supply and also to remove the power house from the valley in which it is now located to a more elevated position.

The matter of continuing the services of the sanitary inspector was brought up, and it was ordered that the inspector be retained for at least another month.

Alderman Hodges moved that the city marshal be instructed to look up a suitable place for a pound, ascertain the cost and report at the next regular meeting of the council. This motion was carried.

This business having been concluded, the council took up the ordinance providing for the issuance of bonds for the purpose of purchasing or constructing an electric light plant, a system of sewerage, and the paving of streets, which was placed upon its first reading.

The original ordinance provided for $110,000, but was increased to $115,000, the $5,000 additional being for the purpose of constructing a public hospital.

The ordinance having passed its first reading, upon motion the rules were waived, passed upon its second and third readings, and approved, with proper amendments.

The hour being late, the council adjourned until Thursday evening, September 7th.

Sick Headache

When your head aches, there is a storm in the nervous system centering in the brain. This irritation produces pain in the head, and the turbulent nerve current sent to the stomach causes nausea, vomiting. This is sick headache, and dangerous, as frequent and prolonged attacks weaken the nerves, resulting in loss of energy, inflammation, epilepsy, dizziness, etc.

Calm this stormy, irritated, nervous condition by taking Dr. Miles' Anti-Pain Pills. They stop the pain by soothing, strengthening and relieving tension upon the nerves instead of paralyzing them, as do most headache remedies.

Dr. Miles' Anti-Pain Pills do not contain opium, morphine, cocaine or similar drugs.

"My sick headache is hereditary in my family. My father suffered a great deal, and for many years I have had spells that were so severe that I was obliged to keep to my business affairs only so at a time. During a severe attack of headache, I took Dr. Miles' Anti-Pain Pills and they relieved me almost immediately. Since then I use them when I feel the spell coming on, and it stops it at once."
JOHN J. McERLAIN,
Eng. Co., South Bend, Ind.

Dr. Miles' Anti-Pain Pills are sold by druggists, who will guarantee that the first package will benefit. If it fails, they will return your money. 25 cents. Never sold in bulk.

Dr. Miles Medical Co., Elkhart, Ind

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment: I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

TWENTY-FIVE AND COSTS

Was the Fine Imposed Upon Parties Shooting Ducks Out of Season.

The little court room where Justice Colman dispenses the law was filled Tuesday morning, there being a case of more than passing interest. The case was one in which four prominent sportsmen were arraigned upon a charge of shooting ducks out of season, and at the conclusion Justice Colman assessed a fine of $25 each and costs. The fine was suspended, however, under the provision that the defendants would not again violate the law.

For the information of those not familiar with the law, and who may get into trouble along this line, we quote the following:

"From and after the passage of this act, it shall be unlawful for any person or persons to shoot wild ducks between the first day of April and the first day of October. Any person or persons violating the provisions of this act, shall, upon conviction, be punished by a fine not exceeding $50, or imprisonment in the county jail not exceeding twenty days, or both, at the discretion of the court."

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

NOTICE.

Notice is hereby given that after this notice has been published for four weeks, I shall apply to Hon. J. T. Wills, Judge of the Circuit Court Eighth Judicial Circuit of Florida, in and for Alachua county, Florida for an order authorizing me to adopt Eva Ward, a minor. W. E. HILTON.
August 23rd, 1905.

TEACHERS' EXAMINATION.

Examination of Applicants for County Positions Began Tuesday.

The examination of applicants for positions as school teachers in Alachua county began Tuesday morning, under the general supervision of County Superintendent Dr. J. L. Kelley.

The examination of white applicants is being conducted at the Seminary, under direction of Miss Serena Shannon. There are thirty-one applicants.

There were only two applicants in the colored department, the examination being conducted in Union Academy by Prof. M. H. DeLand.

Superintendent Kelley stated that the examinations will last four days, and the report of the grading committee will probably be made Saturday.

Horses Killed by Lightning.

During a heavy thunderstorm at Evinston Saturday afternoon, a pair of fine horses belonging to Henry Strawty, a colored farmer, were struck by lightning and instantly killed. The animals were laying down in the open pasture when struck. The community is sympathizing with Strawty, who is an industrious, hardworking man, and these animals were the only ones he had, and upon which he depended for tilling his crop.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

J. G. Alvarez of Starke has started up his cotton gin for the season's run.

NOTICE FOR PUBLICATION.

Land Office at Gainesville, Fla.,
August 1, 1905.

Notice is hereby given that in compliance with the provisions of the Act of Congress of June 3, 1878, entitled "An Act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the public land States by Act of August 4, 1892, Edward F. Fisher, of Old Town, county of Lafayette, State of Florida, has this day filed in this office his sworn statement No. 191, for the purchase of the W½ of Ne¼ of Section No. 35 in Township No. 10 S., Range No. 12 E., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Clerk Circuit Court at Mayo, Florida, on Monday, the 16th day of October, 1905.

He names as witnesses: Nathaniel Dees, W. J. Allen, Isham Copeland, O. M. Ebner, all of Old Town, Fla.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 16th day of October, 1905.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888, LAWS OF FLORIDA.

Notice is hereby given that T. R. Collins, purchaser of Tax Certificate No. 611, dated the 4th day of July, A. D. 1898, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Alachua county, Florida, to-wit:

Se¼ of Se¼ Sec. 1, Tp. —, R. 20, 40 acres.

The said land being assessed at the date of the issuance of such certificate in the name of Estate of S. H. Thompson.

Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 25th day of September, A. D. 1905.

Witness my official signature and seal this the 21st day of August, A. D. 1905.

S. H. WIENGES,
pd Clerk Circuit Court Alachua Co., Fla.

NOTICE FOR PUBLICATION.

Land Office at Gainesville, Fla.,
August 21, 1905.

Notice is hereby given that the following-named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before Register and Receiver at Gainesville, Fla., on September 26, 1905, viz:

WILLIAM B. LISTON of Hatch Bend, Fla.,

Hd. 9675 for the E½ of Sec. 14 & W½ of Se¼ Sec. 2, Tp. 7 S., R. 11 E.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz:

T. J. Sims, George Hatch, A. O. Jones, S. B. Hill, all of Hatch Bend, Fla.

pd W. G. ROBINSON, Register.

NOTICE OF ELECTION.

An election will be held in the Evinston School District on Tuesday, September 19, 1905, for the purpose of determining whether or not said district shall be created a special tax school district for the election of three trustees therefor, and for the purpose of determining the rate of millage to be assessed and collected therein for the next succeeding two years thereafter. Polls will open at 8 o'clock and close at sunset. The following named persons have been appointed inspectors of said election: F. B. Hester, W. P. Welch, A. F. Bass with C. J. Grace as clerk.

By order of Board of Public Instruction this the 1st day of August, A. D. 1905.

R. B. WEEKS,
Ch'm Bd. Pub. Inst'n.
Attest: J. L. KELLEY, Sec. and Supt.

NOTICE OF ELECTION.

An election will be held in the Trenton Sub-School District on Tuesday, September 19, 1905, for the purpose of determining whether or not said district shall be created a special tax school district for the election of three trustees therefor, and for the purpose of determining the rate of millage to be assessed and collected therein for the next succeeding two years thereafter. Polls will open at 8 o'clock and close at sunset. The following named persons have been appointed inspectors of said election: H. F. Williams, W. H. Gay, J. A. Beach, with Homer Love as clerk.

By order of Board of Public Instruction this the 1st day of August, A. D. 1905.

R. B. WEEKS,

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Monroe county will make an exhibit at the Tampa Fair.

West Palm Beach is talking of organizing a local chautauqua.

Tampa shipped 3,940,000 cigars for the week ending August 26th.

Orlando is soon to have a wholesale candy factory and a soda water supply house.

Perry now has 76 telephone patrons in that progressive town. Another victory for Perry.

Cotton picking is going on at a lively rate in the Candler district, and the crop is a good one.

Perry has a colored woman 75 years old who can pick cotton. In the "good old days" she would have had an easier job.

The contracts for furnishings for the State Hospital for the Insane at Chattahoochee have been let. Florida parties got most of them.

James W. Evans of Tampa, who was on trial charged with the death of his wife from a criminal operation, has been discharged, the judge believing the evidence insufficient to hold him, and the case was dropped.

The dengue fever is said to be dying out in Tampa. Nearly the whole population has had a tussle with the disease, which is the great ache and pain producer.

The Tampa Chapter, Daughters of the Confederacy, have permission from the State authorities at Tallahassee to exhibit at the fair the battle flags returned by the National government to the State last May, and which were used by the Florida regiments in the Civil War.

Pensacola is doing a good stroke of business on account of the yellow fever in that city. Many cures are advertised in the papers, mosquito netting is selling rapidly and the man who sells insect powder is doing a rushing business. Pensacolians don't let opportunities slip.

Mrs. William Sawyer of Carrabelle had an exciting experience a few days ago. With babe in hands she went to its little carriage to lay it down. She lifted the pillow to turn it over and was greatly startled to find a snake coiled up beneath it. The reptile was quickly killed. It was a harmless creature of the garter variety, but the puzzle is how it got into the carriage in the house.

ARNO ANECDOTES.

Important Wedding — Neighborhood Fish Fry—The Crop Outlook.

Arno, Sept. 4—Miss Ella Osteen of Arno and Willie F. Marlow, chief clerk in one of the largest dry goods houses in Ocala, were happily united in the holy bonds of wedlock at the Forest Grove Church, August 27th. The church was most beautifully decorated and the bride and groom stood beneath a large horseshoe of flowers and evergreens. The ceremony was performed by Rev. W. C. Foster of Alachua, and was one of the most impressive and prettiest it has ever been our pleasure to witness. The groom was accompanied from Ocala by his uncle, Mr. Weaver, Miss Robinson and his sister. After a bountiful dinner at the home of the bride, enjoyed by a few friends, the happy couple left on the 1 o'clock train for Ocala, their future home, where the groom already had a home prepared for his bride.

Mr. Dent and family of St. Petersburg left for home this morning, after spending about ten days visiting friends in this community. They were accompanied by Miss Lola White, Mrs. Dent's sister.

Miss Fannie Terry of Fort White is visiting her brother, T. J. Terry.

A large number of neighbors and friends gathered last Wednesday on the banks of the Santa Fe river, at the spring, and enjoyed a bounteous fish fry and picnic. The fish were furnished by Messrs. Brown, Osteen and Rooks, who live near Blue Spring.

Miss Ruby Hawkins of Alachua is visiting Misses Rosa and Lessie May.

Rev. F. M. Hartman preached to a large congregation at Forest Grove on Sunday.

Farmers are busy gathering their corn and cotton crops. The crops are below the average. If the rains continue a little longer the hay and cane crops will be good.

Mrs. E. J. Brooks Leaves for Florida.

Mrs. Brooks, widow of the late E. J. Brooks, who has been studying voice culture and the piano since her husband's death and who has been fitting herself to teach music again, has gone to Gainesville, Florida, where a brother and sister reside and where she expects to locate for the purpose of teaching vocal and instrumental music. Mrs. Brooks taught music before her marriage, and she has lately been with teachers who have been abroad, and has passed the prescribed voice course for school work at the State Normal College and is prepared to teach the latest methods. Mrs. Brooks leaves a large circle of friends who are sorry to have her leave Albany but who wish her success in her new field of effort.—Albany (N. Y.) Times-Union, August 26.

Mrs. Brooks is at present at the home of Mrs. Pauline Mellvaine, 108 N. Arredondo street, where she will be pleased to meet those who desire instruction in voice culture or on the piano.

1,000,000 Bales for Alabama.

Montgomery, Ala., Sept. 5.—The cotton crop returns to the office of the state commissioner of agriculture include reports from several sections outside the state. E. S. Peters wires from Calvert, Tex., that that section is at 63, with the crop the poorest in east and north Texas ever known. M. H. Thomas says that Dallas territory is at 62, with high temperatures, and Walter Clark, of Clarksville, Miss., puts his territory at 69, as compared to last year, 66. Tennessee, where the yield is very small, is 82, reported by Commissioner of Agriculture Oglevie, while Georgia is at 66, and Alabama at 65, as compared with last year. Commissioner Poole is confident that Alabama will not make over a million bales this year, and expects to see a good price received for it.

Known by the Money He Keeps.

Sometimes a man's balance in bank is a fine tribute to his mental balance. A fool and a balance in bank soon part company.—Memphis News-Scimitar.

OND ORDINANCE PASSED COUNCIL

ction Was Unanimous in Calling Election For More Bonds.

FOR PUBLIC IMPROVEMENTS

The Ordinance, Which Originally Provided For $110,000, Was Increased to $115,000, and Public Hospital Included in List.

The regular monthly meeting of the municipal legislature was held Monday evening, and was a lengthy one, lasting until near on to midnight. This was due to the fact that the ordinance providing for the calling of an election for issuing bonds for public improvements was taken up, read three times, and passed. The document is a very lengthy one, and many alterations and amendments were discussed.

The meeting was called to order at 8 o'clock by Alderman Cushman, who acted as chairman pro tem in the absence of Chairman Broome, who is acting mayor in the absence of Mayor Thomas. The roll call showed Aldermen Cushman, Benson, O'Neill, Hodges and Wittstock present, also Clerk Dell.

The minutes of last meeting were read and approved, after which the board took up the payment of bills.

Alderman Benson, who was empowered at the last meeting with the privilege of prospecting for more water at the water plant, made his report. Alderman Benson stated that he had sunk three wells on the brink of the hill at Boulware spring, and was gratified to report that he had discovered an abundance of pure, cool, sparkling water which would not only give the people better water, but more of it. After discussing the matter, it was moved and carried that the superintendent of the waterworks be instructed to install new pumps for this supply, and also to remove the power house from the valley in which it is now located to a more elevated position.

The matter of continuing the services of the sanitary inspector was brought up, and it was ordered that the inspector be retained for at least another month.

Alderman Hodges moved that the city marshal be instructed to look up a suitable place for a pound, ascertain the cost and report at the next regular meeting of the council. This motion was carried.

This business having been concluded, the council took up the ordinance providing for the issuance of bonds for the purpose of purchasing or constructing an electric light plant, a system of sewerage, and the paving of streets, which was placed upon its first reading.

The original ordinance provided for $110,000, but was increased to $115,000, the $5,000 additional being for the purpose of constructing a public hospital.

The ordinance having passed its first reading, upon motion the rules were waived, passed upon its second and third readings, and approved, with proper amendments.

The hour being late, the council adjourned until Thursday evening, September 7th.

Sick Headache

When your head aches, there is a storm in the nervous system, centering in the brain.

This irritation produces pain in the head, and the turbulent nerve current sent to the stomach causes nausea, vomiting.

This is sick headache, and its dangerous, as frequent and prolonged attacks weaken the brain, resulting in loss of memory, inflammation, epilepsy, fits, dizziness, etc.

Stop this stormy, irritated, nervous condition by taking Dr. Miles' Anti-Pain Pills.

They stop the pain by soothing, strengthening and relieving the tension upon the nerves — not by paralyzing them, as do most headache remedies.

Dr. Miles' Anti-Pain Pills do not contain opium, morphine, cocaine or similar drugs.

"My headache is hereditary in my family, my father suffered a great many years I have had mine so severe that I was confined to my business affairs for days at a time. During a severe attack of headache, I took Dr. Miles' Anti-Pain Pills and they relieved almost immediately. Since then when I feel the spell coming on, I take them and it stops it at once."
JOHN J. McERLAIN,
Eng. Co., South Bend, Ind.

Dr. Miles' Anti-Pain Pills are sold by druggists who will guarantee that the first package will benefit. If it fails, they will return your money. 25 doses, 25 cents. Never sold in bulk.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment. I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

TWENTY FIVE AND COSTS

Was the Fine Imposed Upon Parties Shooting Ducks Out of Season.

The little court room where Justice Colman dispenses the law was filled Tuesday morning, there being a case of more than passing interest. The case was one in which four prominent sportsmen were arraigned upon a charge of shooting ducks out of season, and at the conclusion Justice Colman assessed a fine of $25 each and costs. The fine was suspended, however, under the provision that the defendants would not again violate the law.

For the information of those not familiar with the law, and who may get into trouble along this line, we quote the following:

"From and after the passage of this act, it shall be unlawful for any person or persons to shoot wild ducks between the first day of April and the first day of October. Any person or persons violating the provisions of this act, shall, upon conviction, be punished by a fine not exceeding $50, or imprisonment in the county jail not exceeding twenty days, or both, at the discretion of the court."

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennetteville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

NOTICE.

Notice is hereby given that after this notice has been published for four weeks, I shall apply to Hon. J. T. Wills, Judge of the Circuit Court Eighth Judicial Circuit of Florida, in and for Alachua county, Florida, for an order authorizing me to adopt Eva Ward, a minor. W. E. HILTON.

August 23rd, 1905.

TEACHERS' EXAMINATION.

Examination of Applicants for County Positions Began Tuesday.

The examination of applicants for positions as school teachers in Alachua county began Tuesday morning, under the general supervision of County Superintendent Dr. J. L. Kelley.

The examination of white applicants is being conducted at the Seminary, under direction of Miss Serena Shannon. There are thirty-one applicants.

There were only two applicants in the colored department, the examination being conducted in Union Academy by Prof. M. H. DeLand.

Superintendent Kelley stated that the examinations will last four days, and the report of the grading committee will probably be made Saturday.

Horses Killed by Lightning.

During a heavy thunderstorm at Evinston Saturday afternoon, a pair of fine horses belonging to Henry Strawty, a colored farmer, were struck by lightning and instantly killed. The animals were laying down in the open pasture when struck. The community is sympathizing with Strawty, who is an industrious, hardworking man, and these animals were the only ones he had, and upon which he depended for tilling his crop.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

J. G. Alvarez of Starke has started up his cotton gin for the season's run.

NOTICE FOR PUBLICATION.

Land Office at Gainesville, Fla., August 1, 1905.

Notice is hereby given that in compliance with the provisions of the Act of Congress of June 3, 1878, entitled "An Act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the public land States by Act of August 4 1892, Edward F. Fisher of Old Town, county of Lafayette, State of Florida, has this day filed in this office his sworn statement No. 191, for the purchase of the W½ of Ne¼ of Section No. 35 in Township No. 10 S., Range No. 12 E., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Clerk Circuit Court at Mayo, Florida, on Monday, the 16th day of October, 1905.

He names as witnesses: Nathaniel Dees, W. J. Allen, Isham Copeland, O. M. Usher, all of Old Town, Fla.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 16th day of October, 1905.

W. G. ROBINSON, Register.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888, LAWS OF FLORIDA.

Notice is hereby given that Solomon Warren, purchaser of three-fourths of Tax Certificate No. 112 dated the 3rd day of July, A. D. 1896, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Matters of General Interest Gathered by Our Reporters.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" Is in The Sun.

From Tuesday's Daily Sun:

W. C. Hague of Hague was in the city yesterday.

L. J. Knight of LaCrosse was in the city yesterday.

First-class buggy painting done at C. C. Pedrick's.

J. M. Price of Melrose was a visitor to Gainesville yesterday.

Oscar Sykes of Wacahoota was among the visitors to this city yesterday.

E. B. Godwin of High Springs was in the city yesterday, a guest of relatives.

Miss Emma Entenza of Waldo is in the city as the guest of Miss Edna Cheves.

W. L. Wolfenden, a progressive farmer of Evinston, was in the city trading yesterday.

Hon. J. A. Rosborough and Chas. Spivey of Windsor were visitors to the city yesterday.

J. E. Haynesworth of the town by that name was a visitor on business to this city yesterday.

M. B. Davis, a progressive merchant of Hague, was among the visitors to this city yesterday.

Chas. Stevens, a progressive farmer of Alachua, was among those who visited the city yesterday.

T. H. Cato, one of the prominent citizens of Alachua, was transacting business in this city yesterday.

Sam P. Bauknight and Mr. and Mrs. D. W. Tompkins of Micanopy were visiting in this city yesterday.

S. F. Waits of Grove Park and Robert Ford of Micanopy were among the visitors to this city yesterday.

J. W. Smith of Micanopy was in the city yesterday and among other business renewed his subscription to The Sun.

G. N. Woods of Palmer was in the city Monday and called and had his name enrolled on The Sun's subscription list.

W. J. Mathews, an influential citizen of Dunnellon, was a visitor to Gainesville yesterday. While here he renewed his subscription to The Sun.

Capt. Sam Dupuis of Alachua, one of the most prominent citizens of that section, was among the visitors to the county capital yesterday.

C. C. Strickland of Hague, one of the progressive planters of that section, was among those who came to Gainesville trading yesterday.

S. R. Chitty of Micanopy, W. P. Shellsworth of Evinston and Thos. Jones of Jonesville were among those who favored Gainesville a visit yesterday.

Marshal Chas. Pinkoson has returned from Patterson, N. J., where he has been on a vacation for the past few weeks. His friends are glad to greet him again.

The East Florida Telephone Company have connected their line to Newberry which means a great thing for this city as communication may be had instantly.

Wanted—Lady or gentleman of fair education to travel for firm of $250,000 capital. Salary $1,072 per year, payable weekly. Expenses advanced. Address [illegible] G. Clows, Gainesville, Fla.

S. Tilley for some time past superintendent of the naval stores farm of J. B. Stringfellow, Tioga, has moved with his family to this city. Mr. Gay expects soon to engage in the naval stores business for himself.

Rebekah Degree, I. O. O. F., is making progress in this domain, having added at its last meeting five new members to the list. The Rebekahs are desirous of securing members of the daughters of Odd Fellows.

Hillieary of Micanopy was in the city yesterday. Mr. Hillieary has returned from an extended visit to Tennessee, Arkansas and other points and friends will be glad to learn that he is very much improved.

Brown House here Sept. 13 and 14. Armstrong, the well known eye specialist of Jacksonville. Eye cases overcome without operations. All cases treated free of charge for the entire year.

Miss Claudie Bradley, formerly of Wacahoota but now of Jacksonville, was in the city for a few hours yesterday. She was en route from a visit to her old home, where she was called on account of the illness of her mother, Mrs. R. S. Bradley, but left the patient greatly improved.

Friends of Judge H. G. Mason will be glad to learn that he has arrived safely at his old home, Lithia Springs, Va., and is enjoying fine health. Judge Mason has been "ailing" for the past few months, and thought a change to the springs of his old home would benefit him. He has not been disappointed and expects to return to his home thoroughly relieved of his troubles.

J. R. Merchant and M. H. DeLand have returned to this city, after an extended visit to points in Iowa, Illinois, New York, Washington, D. C., and other points. Mr. Merchant went for the benefit of his health, and friends will be glad to learn that he is very much improved. Prof. DeLand is also looking better for the trip, and friends of the young men are glad to welcome them home again.

Henry Davis, of the firm of Crawford & Davis, liverymen, has returned from Kentucky, where he purchased a fine lot of horses and mules for this market. The Sun man has seen the stock, and has heard good judges pronounce it as fine as ever brought to this section. Mr. Davis, who is an expert on horseflesh, exercised every effort to get the best in the Kentucky market, and it looks as though he was successful.

J. W. May, a progressive planter and a good friend of The Sun, was among the visitors to this city yesterday from Archer, and among other business included a renewal to his subscription. Mr. May states that the rains have been heavy in his section lately, but the hardest rainfall he ever saw occurred Sunday. The branches are high, and in many places the driver must be careful to keep his team from being washed away.

Few people realize the importance of attending to any eye or nervous affection at once. If neglected, there are no diseases more apt to become permanent than those affecting the eyes and nerves. If troubled at all in this way, do not fail to see the renowned eye and nerve specialist, Dr. E. H. Armstrong of Jacksonville, during his professional visit here Sept. 13 and 14. The Doctor will be located at the Brown House.

From Wednesday's Daily Sun:

Try one of my hand-made buggies. All guaranteed. C. C. Pedrick.

L. B. Sinclair of Trenton was a visitor to the county capital yesterday.

W. T. Roberts of Alachua was a business visitor to this city yesterday.

W. S. Jackson of Lake View and Green C. Chaires of Old Town were visitors to Gainesville yesterday.

F. B. Hester, agent of the Atlantic Coast Line at Evinston, was transacting business in this city yesterday.

Ray Witherspoon of High Springs is spending a few days with his mother, Mrs. S. M. Witherspoon, in this city.

Miss Amanda Perry has returned to her home at Rochelle, after a short visit to Mrs. F. M. Prewitt in this city.

L. J. Clyatt, one of the efficient clerks in the United States land office, has gone to his ranch in Levy county for a few days' rest.

Jesse I. Griffin of Jonesville, one of the most progressive planters and citizens of that section, was transacting business in this city yesterday.

The twenty-fifth anniversary of the marriage of Dr. and Mrs. J. B. Curtis of Orange Heights will be celebrated at their home Thursday, September 7th.

D. T. and W. G. English of Tacoma, E. B. Milam of Eloise and M. M. Clyatt of Otter Creek were among the visitors to this city yesterday. Mr. Clyatt is a merchant of Otter Creek.

T. Curry Merchant has returned to Davidson College, Davidson, S. C., after a pleasant summer vacation at home. Mr. Merchant's friends will be glad to learn that he is progressing finely in his studies.

Among the appreciated callers at The Sun office yesterday was F. F. Paulling of Hawthorn, the efficient member of the Board of County Commissioners from that district, who was here to attend the regular monthly meeting of that board.

John Leivonen of Komoko, T. A. Johnson of Island Grove, H. F. Townsend of High Springs and Geo. H. May of Alachua were in the city yesterday and paid their subscription to The Sun. The Twice-a-Week Sun sheds its rays on the whole of Alachua county.

The law against killing wild ducks between April and October is incorporated in the revised statutes, and in the opinion of some of the best lawyers of the city is of full force and effect. Sportsmen will do well to remember this when they are killing birds which are not protected by the laws of the land.

Sheriff Fennell is determined to enforce the game law to the very best of his ability. Persons who complain of the non-enforcement of the law should either report violations which come under their observation or cease complaining. If proper information is given the sheriff he will do his part, without fear or favor.

Postmaster F. O. Barron of Evinston was among those who came to this city on business yesterday. Mr. Barron, it will be remembered, was severely injured from gunshot wounds at the hands of John B. Hester at Evinston a few weeks ago, his son, it is alleged, being killed by the same man at the time. Mr. Barron is still on crutches, but his friends are glad to see him out again.

If you wish for positive proof of the success of the treatment prescribed by Dr. E. H. Armstrong and staff, the renowned eye and nerve specialists of Jacksonville, write to the home office, 11 Laura St., Jacksonville, for the names of patients who have been restored to perfect health, without drugs or operations, after all other means had failed. They will be furnished gladly. These specialists are paying Gainesville a special professional visit on Sept. 13 and 14, and may be seen at the Brown House.

READ THIS.

DYERSBURG, TENN., June 1, 1901.

This is to certify that I have used one bottle of the Texas Wonder, Hall's Great Discovery, and have been greatly benefited, and can cheerfully recommend it to the public.

C. H. [illegible]

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

NEW YORK RACKET.

CHEAPEST STORE ON EARTH

Just received a big shipment of RICE.

The last cheap Rice to be had before the new crop comes in.

Get you a sack.

The Chinamen live on Rice and keep fat. So can you.

Phifer's Corner, Gainesville, Fla.

PAINFUL PERIODS

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that menstruation is the balance wheel of a woman's life, and while no woman is entirely free from periodical suffering, it is not the plan of nature that women should suffer so severely.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

Miss Irene Crosby, of 313 Charlton Street East Savannah, Ga., writes:

"Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful menstruation when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

From Thursday's Daily Sun:

J. L. Shaw of Bellamy was trading in the city yesterday.

Guy Zetrouer of Rochelle was trading in the city yesterday.

Burrell Wiggins of Hague was trading in the city yesterday.

Fine carriage and buggy painting and trimming at C. C. Pedrick's.

Mrs. Trimble and daughter and G. E. Fleming of Archer were among the visitors to this city yesterday.

J. H. Holley and W. T. Chesnut, merchants of Arredondo, were transacting business in this city yesterday.

R. P. Lumpkin of Orange Heights, and Ira J. Carter of Newberry, were among the visitors to this city yesterday.

Mrs. E. W. Smith of Francis has returned to her home, after a pleasant visit to her daughter, Mrs. J. M. Manning, in this city.

Robert Jefforda of High Springs, one of the valued employes of the Atlantic Coast Line, was in the city for a few hours yesterday. He was en route to his old home in South Carolina, where he will visit friends.

S. E. McIntosh of Rex was among the visitors to this city yesterday. Mr. McIntosh is a student of Emory College, and has been home on a vacation. He expects to return to his studies about the 20th inst.

Mr. and Mrs. C. A. Nichols and three children have gone to Savannah. Mr. and Mrs. Nichols will leave the children in Savannah with their grandmother, Mrs. S. H. Owens, and will make a trip to points in the East.

W. L. Davis of Rocky Point was in the city yesterday. Mr. Davis is not only a good fellow, but one of the most successful truckers in this section. He is again associated with Denton & Denton in the trucking business.

Prof. J. H. Owens, for the past term principal of the Rochelle school, where he gave excellent satisfaction to both patrons and pupils and made himself quite popular, was in the city yesterday, greeting old friends. He is now located at his old home, Winfield, Columbia county.

Horses and Mules—Beginning Wednesday, September 6th, we will have at our stables one of the finest herds of Kentucky horses and mules ever seen in Alachua county, or the State. Driving and saddle horses, working mules, all healthy and in the finest condition, at right prices. Come and see them. Crawford & Davis.

R. C. Brown of Grove Park, agent of the Atlantic Coast Line and a progressive merchant of that place, was transacting business in this city yesterday.

Miss Beulah Coldham, fifteen years of age, a student in typewriting and stenography at the Massey Business College, Jacksonville, deserves a great deal of credit for the excellent average made in a recent examination, the young lady having made a general average of 92, with a minimum to pass of 80.

After two days' strenuous labor, the Board of County Commissioners adjourned its regular monthly session yesterday. Chairman Dampier stated that it was one of the busiest meetings he had yet experienced in his long term as commissioner, as many matters of importance were brought before the board.

Master George Reddick, formerly of Reddick but for the past few months residing in Madison, was in the city yesterday en route to McIntosh and his old home, where he will visit relatives. Master George was a page in the House at the last session of the Legislature, and proved an exceptionally bright lad.

Mrs. Maretta C. Brooks, teacher of experience, and of the most modern methods, wishes to form classes in piano, organ, technique, modulation, phrashing, voice culture, and the art of singing. Special attention given to the healthful development of the body, which the thorough study of voice culture insures. Foundation work given to small classes at reasonable rates. References: Rev. S. B. Rogers, Hon. W. M. Holloway, Mrs. J. D. Turner. For further information call at Mrs. McIlvaine's, 108 N. Arredondo street.

Some of our subscribers have been so derelict in paying their indebtedness that we have been compelled to erase their names from our books, but when we send bill after bill and are treated with silent contempt we are forced to the conclusion that the paper is not wanted, and the best thing for us to do is to stop it. The expense of running this office is two hundred dollars per week, and if our patrons do not pay us we cannot meet our obligations. We are endeavoring to give the people a good paper, and if you appreciate our efforts we would like for you to show the same by paying at least what you are due us to date.

Is It Right?

Is it right that a property-owner should lose $4.20 to let a dealer make 50 cents? A dealer makes 50 cents more on fourteen gallons of ready-for-use paint, at $1.50 per gallon, than our agent does on eight gallons of L. & M. paint and six gallons of linseed oil, which make fourteen gallons of the best paint in the world, at $1.20 per gallon; the property-owner loses just $4.20. Is it right?

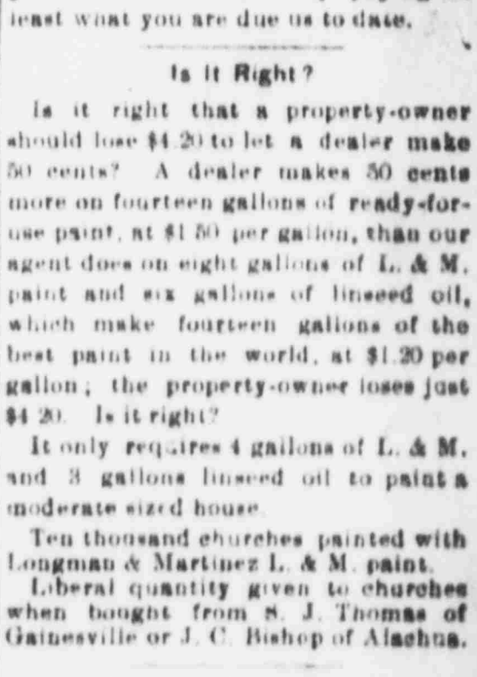
It only requires 4 gallons of L. & M. and 3 gallons linseed oil to paint a moderate sized house.

Ten thousand churches painted with Longman & Martinez L. & M. paint.

Liberal quantity given to churches when bought from S. J. Thomas of Gainesville or J. C. Bishop of Alachua.

Attention, Subscribers.

Subscribers to The Twice-a-Week Sun need not wait until they come to the city to pay their subscription, as they can send same through the mail or make settlement with the postmaster. The date to which your subscription is paid is printed opposite your name, and we would appreciate prompt renewal, as our own bills have to be paid weekly.



FOR HARD WEAR

On shoes boys are proverbial. Best get a shoe that will withstand rough usage, for it isn't wise to curb unduly an active lad's love of sport requiring lively physical exercise. For capital rough-and-ready, wear well, last long, same time economical, footwear, bring your son here and let us outfit him for school hours, after and before study time.

L. C. SMITH

North Side Square, Gainesville.
